The information contained in this guide is correct at time of printing, May, 2023. For the most up to date information please refer to our website at [www.tafeqld.edu.au](http://www.tafeqld.edu.au).

We respectfully acknowledge the Traditional Custodians of the lands on which TAFE Queensland operates. We recognise the continuing connection to land, waters, culture and kin that Aboriginal and Torres Strait Islander peoples uphold. We pay our respects to Elders past and present, who give us strength, inspiration and guidance to deliver great training outcomes for all Queenslanders.

Artwork elements from TAFE Queensland's Reconciliation Action Plan artwork 'Connecting Knowledge – Connecting Cultures' by Riki Salam, We are 27 Creative. Born and raised in Cairns on Yidindji land, Riki has connections to Muralag, Kala Lagaw Ya, Meriam Mer, Kuku Yalanji peoples on his father's side and the Ngai Tahu people in the South Island of New Zealand on his mother's side. Visit [tafeqld.edu.au/rap](http://tafeqld.edu.au/rap) to view the Reconciliation Action Plan or see page 62 of this booklet for further information.

# Why study at TAFE Queensland?

TAFE Queensland is the largest, most experienced training provider in the state. It's a big statement, but one that's backed up by research and our impressive track record.

WE TRAIN  
APPROXIMATELY

# 125,000 STUDENTS EVERY YEAR

## 550+

# TAFE qualifications explained

We offer a full range of nationally-recognised qualifications from entry-level certificates through to bachelor degrees. We also offer comprehensive trade training from beginner to advanced levels.

## CERTIFICATES

- Certificate I** Certificate I courses cover base-level skills for entry into the workforce.
- Certificate II** Certificate II courses prepare you for entry-level positions or apprenticeships in a variety of industries.
- Certificate III** Certificate III qualifications are ideal for those wanting to gain a trade, change careers or move out of entry-level roles.
- Certificate IV** Certificate IV courses typically interest those who want to advance their careers in the industry they already work in, or further develop skills and knowledge acquired through previous study.

## DIPLOMAS

- Diplomas** Diploma courses develop broad and in-depth skills in professional, technical or creative fields.
- Advanced Diplomas** Advanced diploma is ideal for ambitious professionals wanting to fast-track their career.

## DEGREES

- Associate Degrees** Associate degree students will develop a broad range of high-level practical and professional skills.
- Bachelor Degrees** Bachelor degree students will gain the skills and knowledge needed for many professional, high-level or management jobs.

## TRADE QUALIFICATIONS

- Pre-apprenticeship courses** Pre-apprenticeships are a great way to improve your prospects of gaining an apprenticeship, develop practical skills in your trade, and gain credit towards a full apprenticeship.
- Apprenticeships** Earn while you learn by undertaking an apprenticeship with TAFE Queensland. Completing an apprenticeship is essential if you want to become a qualified tradesperson.
- School-based apprenticeships** Allows you to earn and learn in your chosen industry and begin training towards a recognised vocational education and training (VET) qualification while you complete high school.
- Traineeships** Much like apprenticeships, traineeships give you the opportunity to combine training with a paying job. Trainees are trained in vocational areas such as individual support, early childhood education and care, or business.
- Post-trade training** Post-trade training is great if you want to specialise, gain a specific trade licence, gain credit towards university, or expand your horizons after completing an apprenticeship.

## DOUBLE AND DUAL QUALIFICATIONS

- Dual qualifications** You can enrol in two qualifications of different levels (such as a certificate and a diploma, or a diploma and a degree) and gain two qualifications at the same time.
- Double qualifications** Double qualifications are two courses of the same level (such as two certificates, or two diplomas) that give you a broader range of skills than if you choose to study a single qualification on its own.

# University pathways

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.

## ADULT TERTIARY PREPARATION (ATP)

Our Adult Tertiary Preparation (ATP) course is for anyone wanting to gain or improve their ranking in order to study at university. ATP is recognised as a Year 12 alternative and is ideal for adults who've been away from formal study for some time. Successful completion of the course will allow you to apply to QTAC for a tertiary ranking and will give you the university entrance prerequisites in English, Maths and Science.

## UNIVERSITY PREREQUISITES

If you need to complete prerequisite courses to get you into your preferred university degree then our Unilearn courses can help. We offer a range of preparatory courses such as Senior Science and Maths A, B and C. Our courses are accredited by universities across Australia and meet university entrance requirements.

## IMPROVE YOUR ATAR

Completing any TAFE Queensland certificate III, certificate IV, diploma, advanced diploma, or associate degree may improve your ATAR score and allow you to get into your preferred university degree. Another added benefit of studying this way is that you can start working in your industry straight away, using your certificate or diploma skills while you finish off your degree.

## CREDITS

If you study a qualification at TAFE Queensland you may be eligible to receive credit towards your degree. This can save you time and money off your university degree. For example, if you complete a diploma course at TAFE Queensland you may be able to receive as much as one year of credit towards an undergraduate degree in a similar field.

## STUDY A DEGREE WITH US

TAFE Queensland has partnered with some of Australia's leading universities to deliver world-class degrees in a practical, job-focused training environment. You will graduate with a university degree as well as the hands on skills and applied learning that makes TAFE Queensland graduates so highly sought after by employers.

Our diploma-to-degree pathways mean that you can complete a diploma and bachelor degree in the time it usually takes to complete a degree alone. You'll graduate ahead of the pack with academic knowledge backed up by real-world skills.

Studying in this way will save you time and money. It can also give you a head start in the job market allowing you to put your diploma skills into practice in the industry while you complete your university studies.

Completion of a TAFE Queensland Diploma may allow you direct entry into certain nominated Degrees at TAFE Queensland's University partners or may provide credit points towards your Degree, subject to you meeting all of the requirements for admission stipulated by the relevant University

If you would like more information or want to apply for any of our Unilearn, ATP, or degree programs please contact our customer service team on 1300 308 233 or go to [tafeqld.edu.au](https://tafeqld.edu.au)

# Support services

We offer a range of support services for students, with a strong focus on learning and educational assistance to enable successful completion of your studies.

## LEARNING SUPPORT

Provided by specialised teachers, get support in exam preparation, assignment writing, time management, making presentations, study skills, language, literacy and numeracy support and general study skills.

## DISABILITY SUPPORT

Disability support is available, including locating and organising equipment and teacher liaison on your behalf.

## ONLINE SUPPORT

Access to TAFE Queensland learning support and resources including Studiosity. Through Studiosity, you can chat online to expert tutors who can help you with your studies. Studiosity is available for students studying qualifications Certificate III and above.

## INDIGENOUS STUDENT SUPPORT

An Indigenous Student Support Officer is available to assist with various issues and to support you during your studies.

## LIBRARY

You will have access to a range of online and hard copy resources at our libraries.

## INTERNET/WIFI

You will have access to TAFE Queensland's WiFi and student computers with internet access across all of our locations.

## FACILITIES

Campuses are generally located within walking distance to food and beverage outlets. Most of our parking is provided for no or minimal charge.

# Ways to study

Everyone learns differently. TAFE Queensland's flexible range of delivery modes are designed to help you get the most out of your time with us. We offer traditional on-campus study as well as hands-on apprenticeships and traineeships, online study, TAFE at School courses, and the ability to complete qualifications through recognition of prior learning.

## STUDY MODES

### ON-CAMPUS

Learn face-to-face with a teacher in one of our learning spaces like a classroom, workshop, laboratory or simulated learning environment. In this mode you will attend a TAFE Queensland campus 100 per cent of the time, but you can also interact with your teachers using live video or web conference programs.

### ON-CAMPUS WITH SOME ONLINE

You'll primarily learn face-to-face with a teacher in one of our learning spaces like a classroom, workshop, laboratory or simulated learning environment. In this mode you will attend a TAFE Queensland campus most of the time, but some of your classes or training may be via video or web conference programs.

### ONLINE SELF-PACED

Our online self-directed courses are designed for students who want the flexibility to study at their own pace and prefer not to be locked into attending classes at specified times. You may have opportunities to interact with teachers and other students through web conference programs (like Zoom).

### ONLINE VIRTUAL CLASSROOM

Your course will be delivered online, but to a scheduled timetable. You will interact with your teachers and other students using live video or web conference programs. Your assessments and examination will be completed mainly online.

### ONLINE WITH ON-CAMPUS TRAINING

Your course is primarily online, however you will need to come into a campus to undertake face-to-face learning and/or assessment. Any face-to-face components will be teacher-led or organised and will enable you to connect with other students in one of our learning spaces. Assessment for this mode may be through online or face-to-face assessments and examination.

### WORK-BASED LEARNING

Students get their training on the job, supervised by their employer. This could be while doing work experience, vocational placement, or doing paid work at their place of employment. Work-based learning also includes completing work-based projects while under supervision.

### APPRENTICESHIP AND TRAINEESHIP

Get the skills while you pay the bills with an apprenticeship or traineeship through TAFE Queensland. We work with employers from a range of industries to give you the tuition and formal qualification that complements your on-the-job training.

### RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning (RPL) helps you gain credit towards a qualification based on the skills you already have.

### TAFE AT SCHOOL

If you're a Year 10\*, 11 or 12 student, you can complete a range of certificate I, certificate II and certificate III courses at school. TAFE at School courses work in with your existing high school studies and may also count towards your Queensland Certificate of Education (QCE).

\*Subject to a letter of support from the school principal

## WORKLOAD

### FULL TIME

This option is perfect if you're ready to jump in and give your studies everything you've got! Studying full time at TAFE Queensland is the quickest and most immersive way to get the qualifications you need. You'll be job-ready in no time!

### PART TIME

Is your life already in the fast lane? If you're busy working or juggling family, this may be the perfect way to gain the skills you need, while maintaining that all-important life balance.

### SHORT COURSES

Experiment with a new hobby, up-skill for work or test the waters for a career change. No matter what you're looking for, we've got you covered.

### VOCATIONAL PLACEMENT

If required as a requisite of your course, you may need to attend a vocational placement, no matter which mode of study you choose, and a teacher might attend to observe and assess.

It is recommended that you have access to a reliable internet connection to access TAFE Queensland's online learning system Connect, and a computer with up-to-date software, including Microsoft Office, Adobe Acrobat Reader and Adobe Flash Player. This equipment and software is available for use at all TAFE Queensland locations.

# Study areas

Studying at TAFE Queensland gives you access to multiple pathways to kick start your career, even while you're still at school. Whether you dream of a career in fashion or fitness, automotive or animal care, early childhood or engineering, we have a course that's right for you.

## EDUCATION AND COMMUNITY

### STUDY EDUCATION AND COMMUNITY

Discover career opportunities within Australia and overseas with our range of education and community courses.

You can develop hands-on skills for a rewarding career in early childhood education and care, or education support, and give children a fun, safe and supportive environment to learn and grow. Or you can work to promote the safety and well-being of children, families, and at-risk people in community services.

If you want to develop or improve your English language skills, prepare to enter or re-enter the workforce, take the first step towards a vocational pathway, or teach others, TAFE Queensland also has a course to get you there.

Vocational placement requirements may apply.

“I’ve learnt practical skills like using a hoist at work and providing appropriate care with the residents. My end goal is to be a registered nurse, but I didn’t want to go via the Australian Tertiary Admission Rank (ATAR) pathway.

I’m doing a traineeship now so that when I leave school, I can do my enrolled nursing course with TAFE Queensland and then do my registered nursing training in the future.”

# INFRASTRUCTURE AND TRANSPORT

## STUDY INFRASTRUCTURE AND TRANSPORT

TAFE Queensland's range of transport and logistics courses will get you moving in an exciting career. Develop specialist knowledge in transport and logistics planning, supply chain management, and operations and risk management with our advanced-level courses.

The logistics and warehousing industries involve the storage and distribution of goods and products between suppliers and customers. During your study, you'll gain valuable supply chain skills including receiving and dispatching goods, picking and processing orders, stocktaking, and managing transportation.

You can also learn how to transport your passengers or cargo safely between destinations and set yourself on the road to a career as a freight or bus driver.

### Career outcomes include:

Bus driver | Freight handler | Logistics manager | Warehouse supervisor

“Everything about it was amazing, but one of my most memorable moments from Kingaroy BaconFest was that I got up on stage with Miguel Maestre during his cooking show! I memorised his churros recipe, one of the recipes that he demonstrated to the crowds during the event.”

**Dameon Mugridge** - Certificate II in Kitchen Operations (SIT20416)

# TRADES

## STUDY TRADES

Learn the tricks of the trade, develop lifelong skills and earn qualifications to open the door on a rewarding career across a wide range of industries.

Develop the practical skills to work across a wide range of trade areas and specialisations including electrotechnology and refrigeration, building and construction, engineering and manufacturing, automotive, and safety.

No matter what qualification you choose, at TAFE Queensland you will learn from experienced teachers using industry-standard equipment and technology in our purpose-built facilities. You'll graduate with the skills you need to establish a rewarding career.

Vocational placement requirements may apply.

### Career outcomes include:

Light vehicle mechanic | Electrician | Carpenter | Joiner | Civil construction supervisor | Structural designer  
 Builder | Project manager | Site supervisor | Plumber | Hydraulic design consultant | Boilermaker  
 Draftsperson | Locksmith | Welder | Engineering associate | Automotive electrical technician | Painter

# Enrol in 4 easy steps

## STEP 1

### Choose your course

Choose your course and make sure you fully understand the program details and fees.

## STEP 2

### Entry requirements

Some courses don't have any entry requirements but some courses may require previous qualifications, skills or knowledge. You can find this information on our website by searching for the course you want to enrol in and reading the entry requirements.

Read the 'how to apply' section in the course information on our website to see you if can enrol directly or if you need to apply through the Queensland Tertiary Admissions Centre (QTAC).

## STEP 3

### Important information

It is important that you take the time to read through all of the documents listed on our website so you are aware of the TAFE Queensland policies and procedures.

All the information can be found at [tafeqld.edu.au/about-us](https://tafeqld.edu.au/about-us)

## STEP 4

### Complete the paperwork

- Visit our website at [tafeqld.edu.au](https://tafeqld.edu.au)
- Call 1300 308 233 or
- Visit on-campus.

OR

- QTAC\* [qtac.edu.au](https://qtac.edu.au)

### UNIQUE STUDENT IDENTIFIER (USI)

You will need a USI prior to enrolling in your course. To create your USI, go to [usi.gov.au](https://usi.gov.au). If you need help, our Student Services team can assist prior to your enrolment. Your USI will help keep your training records and results together in an online account controlled by you.

# Fees and payment

Fees are payable at the time of enrolment, but there may be other deferred payment options available to you.

## FULL FEE

If you're not eligible for a subsidy or concession we have options for you.

## VET STUDENT LOANS (REPLACING VET FEE-HELP)

VET Student Loans (VSL) gives eligible students access to quality higher level VET qualifications. Visit the Study Assist website at [studyassist.gov.au](http://studyassist.gov.au) for more information prior to enrolment. If you are eligible, you will be able to apply for VSL up to the capped amount. Some course fees are above the loan cap.

## CONCESSIONS

Eligible students are entitled to a fee concession on Queensland Government funded programs. For more information or to find out if you meet the criteria visit [tafeqld.edu.au](http://tafeqld.edu.au).

## PAYMENT PLANS

You may be eligible to apply for a Payment Plan. Please contact Customer Service on **1300 308 233**.

## SCHOLARSHIPS

Achieve your career goals with the help of a \$5000 TAFE Queensland Scholarship.

Whether you are about to finish school, upskilling or are looking for a new career, find out how we can help you make great happen. Merit and access and equity scholarships are available to assist with your study costs—from certificate III to advanced diploma—in a range of industry areas. More information on scholarships can be found at [scholarships.tafeqld.edu.au](http://scholarships.tafeqld.edu.au).

## SUBSIDISED

The Queensland Government will offset the cost of study for people who don't currently have a qualification. Evidence of subsidy eligibility is required at time of enrolment.

## CERTIFICATE 3 GUARANTEE

If eligible you will receive subsidised training for one certificate III level qualification from a list of eligible courses.

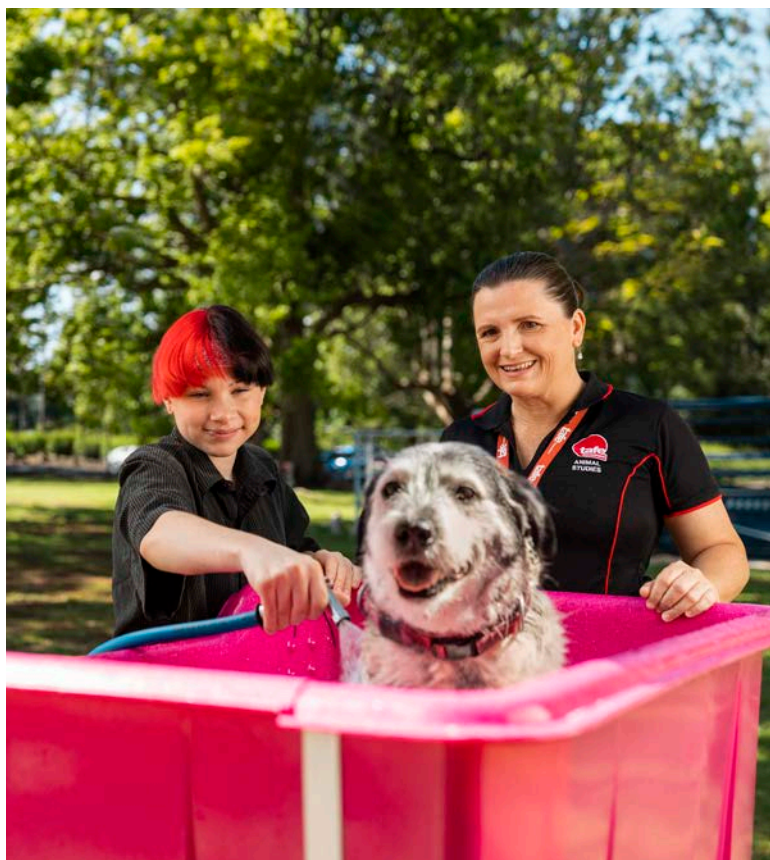

## FREE TAFE FOR UNDER 25s

Are you a Queensland resident? Have you just finished Year 12? You might be eligible for Fee-Free training. The Queensland Government will pay the full cost of a number of eligible certificate III qualifications in high-priority study areas under the Certificate 3 Guarantee and User Choice programs.

For a full list of eligible courses go to [training.qld.gov.au/training/incentives/year12-fee-free](http://training.qld.gov.au/training/incentives/year12-fee-free).

## HIGHER LEVEL SKILLS SUBSIDY (HLS)

This initiative is a one-off subsidy that offsets the cost of a certificate IV or higher qualification. Students will need to co-contribute to the payment of the course. The level of government subsidy depends on the demand for workers in your chosen field. Eligibility criteria apply.

FIND OUT MORE AND APPLY ONLINE  
at [tafeqld.edu.au](http://tafeqld.edu.au)

# Why TAFE at School?

Some people learn better 'hands on' and a TAFE at School qualification can assist them in their career goal – even if they don't know what that is yet.

A pre-apprenticeship course with TAFE Queensland is the perfect opportunity for your student to try out a career before committing to an apprenticeship.

## PATHWAYS

Job

Further VET/  
Apprenticeship

Uni

### SCHOOL-BASED TRAINEESHIP or APPRENTICESHIP - Earn and learn

Apprenticeships and Traineeships give you the opportunity to combine training with a paying job. Train in vocational areas such as hospitality, hairdressing, early childhood education and care, business or in traditional trades.

### ACCELERATE TO DIPLOMA - QCE points

Get ahead of the crowd before you finish school.

### DIPLOMA - QCE points & ATAR

A Diploma is the equivalent to your first year of uni.

### CERTIFICATE IV - QCE points & ATAR

These are higher level courses that require critical thinking.

### CERTIFICATE III - QCE points & ATAR

Gain practical experience and get job-ready with an apprenticeship or traineeship pathway.

### CERTIFICATE II - Skills development & QCE points

Certificate II courses are also known as pre-apprenticeship courses and equip students for entry level roles and apprenticeships.

### CERTIFICATE I - Resume builder

Certificate I courses provide base-level skills and are a foundation for entry into the workforce.
