

2025

TAFE at School Course Guide

Bundaberg, Fraser Coast, Gympie, Sunshine Coast

Welcome

from the CEO

For over 140 years TAFE Queensland has proudly served Queensland's communities as the largest, most experienced vocational education and training (VET) provider in the state. Our training is delivered to over 126,000 students each year at more than 60 locations across Queensland, and we offer more than 400 practical, industry-relevant courses ranging from entry-level certificates to bachelor degrees.

Specifically designed to help you get more out of high school, TAFE Queensland also offers a range of courses as part of our TAFE at School program. The TAFE at School program is for students in Years 10, 11 or 12 who want to undertake VET study with TAFE Queensland as part of their high school curriculum, that fits around existing studies. Delivery of the TAFE at School program may be undertaken at a TAFE Queensland location, in selected schools, or in the workplace as a school-based apprentice or trainee.

Completing a qualification through our TAFE at School program also gives you direct entry into most of our courses at TAFE Queensland, access to a variety

of university pathways by contributing to your ATAR, and multiple ways to get started on your career or trade qualification.

This guide features a range of information about the TAFE at School program, from courses to university pathways and intakes to payment options, as well as information tailored for your parents and schools. For further information you can also visit our website at tafeqld.edu.au/schoolstudents, call **1300 308 233**, or visit your local campus customer service team.

I encourage you to speak to your teachers, VET coordinator and/or guidance counsellor, friends and family about your future. You define your greatness, and TAFE Queensland has an option and pathway that is right for you in 2025 and beyond.

John Tucker

**Chief Executive Officer
TAFE Queensland**

TAFE Queensland acknowledge the Traditional Custodians of Country throughout Australia and respect the continuing connection to land, waters, cultures and family that Aboriginal and Torres Strait Islander peoples uphold. We pay respect to Elders past, present and future. We recognise that teaching and learning has taken place on Country for over 60,000 years and two-way learning is an important part of our reconciliation journey.

Get more out of high school with TAFE at School

If you're a Year 10, 11 or 12 student you may be able to complete a TAFE Queensland qualification while you're still at school.

Choose from a variety of certificate I to diploma courses in a range of study areas from construction to community services, hospitality to health care and everything in between.

How to apply

To submit an application for a TAFE at School course, visit www.tafeapply.com

You'll need the application code for the course in the location you want to apply for. These can be found at the back of this guide. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to www.usi.gov.au to get one.

Studying at TAFE

Why study at TAFE Queensland?

TAFE Queensland is the largest, most experienced training provider in the state, with a history of serving Queensland's communities for more than 140 years. We offer more than 400 practical, industry-relevant courses, from entry-level certificates to bachelor degrees. Our training is delivered to over 126,000 students each year across more than 60 locations in Queensland.

In 2022-23 we trained

126,000 students

Over 550

university pathways are available

100%

of our diploma and higher-level courses have diploma-to-degree pathways

We have an

89.5% student satisfaction rating

(and we're working very hard on the other 10.5%)

We have a

92.1% employer satisfaction rating

Every \$1 spent

by TAFE Queensland supports

in the Queensland economy

Over 60

locations

Over 85%

of our graduates go on to work or further study*

TAFE at School

Benefits of TAFE at School

- Fits around your senior studies
- Get valuable Queensland Certificate of Education (QCE) credits
- May contribute to your Australian Tertiary Admissions Rank (ATAR)
- Direct entry to any related TAFE Queensland course
- Open up a variety of university pathways
- Gain credits towards an apprenticeship, diploma or university studies
- Build practical skills in an adult learning environment
- Get work ready

Flexible study options

TAFE Queensland offers flexible study options so you can gain a VET qualification while you're still at school in a way that best suits you.

On campus

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-standard workspaces and classrooms. All training is delivered in an adult learning environment so you'll get a taste of what it's like to study in a higher education setting. You'll also learn from our highly-qualified teachers and benefit from their vast experience.

At school

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland qualification when you complete your course.

Industry experience

Some TAFE at School courses require you to complete work placements, or in some instances to work in the industry. This gives you the opportunity to build your skills and confidence dealing with real-life situations. Work placement requirements should be discussed with your teacher prior to commencement of study.

Trade and Skill Taster

Year 10 school students have access to a Trade Taster or Skill Taster program, which is funded by the Queensland Government. This is unique to TAFE Queensland and offered at no cost. The program allows students to experience the trades industry by studying one unit of competency from different trade areas.

School-based apprenticeship or traineeship

TAFE Queensland offers both school-based apprenticeships and traineeships, which get you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

After selecting the industry you are interested in and talking with your school and parents/guardians, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland—this is funded by the Queensland Government—however you may need to pay some costs for tools and compulsory personal protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing Year 12, you may be eligible for fee-free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships call **1800 210 210** or visit desbt.qld.gov.au/training.

Enrolment into TAFE at School courses is subject to eligibility requirements. Talk to your VET coordinator or guidance counsellor, or visit our website for more information.

Important information

Term dates 2025

TAFE Queensland term dates align with Queensland school terms to fit with your senior studies.

QUEENSLAND SCHOOLS			TAFE QUEENSLAND		
TERM 1	START	Tuesday 28 January	START	Tuesday 28 January	
	FINISH	Friday 4 April	FINISH	Friday 4 April	
TERM 2	START	Tuesday 22 April	START	Tuesday 22 April	
	FINISH	Friday 27 June	FINISH	Friday 27 June	
TERM 3	START	Monday 14 July	START	Monday 14 July	
	FINISH	Friday 19 September	FINISH	Friday 19 September	
TERM 4	START	Tuesday 7 October	START	Tuesday 7 October	
	FINISH	Friday 12 December	FINISH	Friday 5 December	

Most TAFE at School courses have intakes in Semester 1 and/or Semester 2, so you can choose to start studying at a time that suits you.

By choosing to start your first course in Year 10 in Semester 2, you can often complete two courses by the time you have six months left of school. This frees you up to concentrate on your studies for the rest of Year 12 so you can nail your final assignments and exams. Bonus: you're ready to hit the ground running in finding a job to earn money, support a gap year or university studies, and kick-start your career.

Student support

Everyone's journey is different and sometimes you need some extra support to achieve your study goals. We're here to help. At TAFE Queensland our student support services are available for all of our students, making your learning experience just that little bit easier.

Learn more at tafeqld.edu.au/studentsupport.

If you are a TAFE at School student, your regular school support programs are also responsible for ensuring you receive appropriate levels of support while at TAFE. It is expected that if your school normally provides you with a participation assistant or similar for day-to-day learning or personal support, then they also provide this support when you attend your TAFE at School course.

Cost and payment options

Costs vary from course-to-course and you can check our website for the most up-to-date prices. You may be eligible for a range of fee-free TAFE at School courses, covered under VET in Schools (VETiS) funding, which is funded by the Queensland Government. The courses advertised as VETiS funded in this guide are only applicable if you have not accessed VETiS funding in the past.

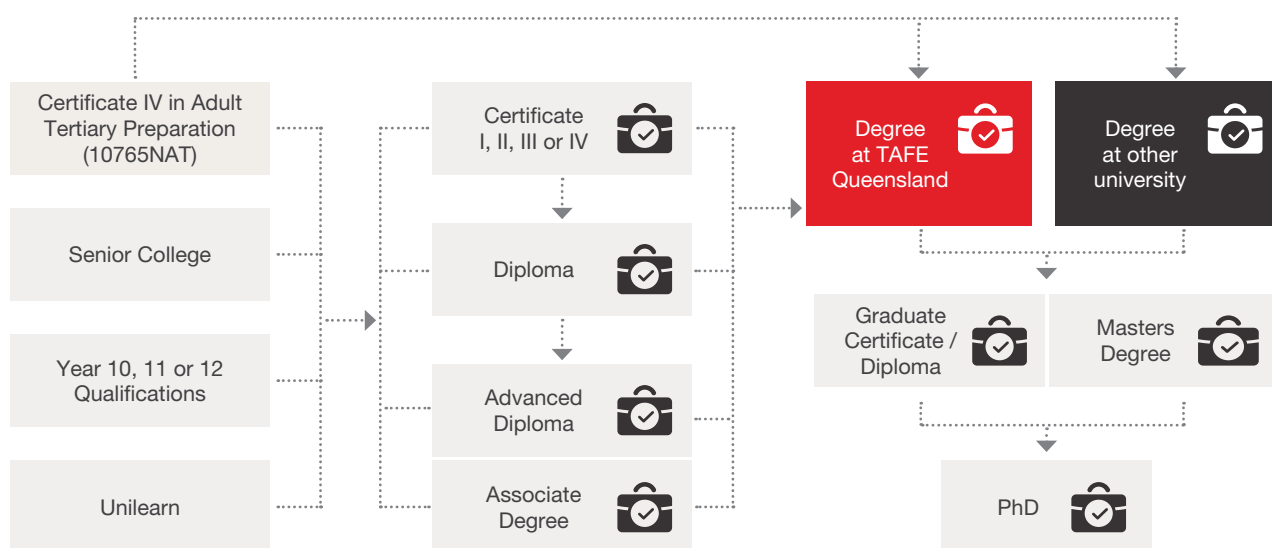

For further information, please refer to desbt.qld.gov.au/training/providers/funded/vetis. Eligible students are entitled to one VETiS funded program only.

Payment plans may also be available to assist with payment of your course; however if you're under 18 you will need a guarantor. Applications will be subject to credit checks.

For information about our withdrawal and refund policy, please visit the TAFE Queensland website: tafeqld.edu.au/policies.

Pathways to your future

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.

Our partner universities and higher education providers

There's more than one way to get into your dream university degree. TAFE Queensland has a range of pathway options and partners that can get you started on your university degree sooner.

Our locations

No other provider can match TAFE Queensland for scale and location options. With more than 50 locations across the state we have Queensland covered, no matter where you are.

To view all of our locations visit tafeqld.edu.au/locations.

Our facilities

Step into our purpose-built facilities, where you will learn hands-on using the same tools and equipment used in industry. Put your theory into practice straight away in our clinical labs, salons, training restaurants, creative spaces, and trades workshops. Develop your skills, ability, and confidence and gain the practical experience you need to graduate job ready.

Post-school options

Become an apprentice or trainee

Learn hands-on with the same equipment and tools used in industry, combining working for an employer and studying at TAFE Queensland, and graduate with a nationally-recognised qualification.

Applying for an apprenticeship or traineeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees. Studying a TAFE at School pre-apprenticeship course can boost your chances of landing your dream job by demonstrating to a potential employer that you're actively interested in their industry.

The first step is to visit an Apprenticeship Network Provider (ANP) to help connect you with an employer. Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract directly with TAFE Queensland.

For more information visit tafeqld.edu.au/apprentices.

Apply for a TAFE Queensland certificate or diploma

After successfully completing a TAFE at School course/s you may be eligible for direct entry into any related TAFE Queensland diploma.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees at tafeqld.edu.au/courses.

Get ready for university

If you need to complete additional prerequisites for university during or after high school, Unilearn is the perfect option. You can study a range of subjects from maths and science to senior English.

With the ability to study online and after hours, you can easily add a Unilearn subject or two to your senior schooling years. Unilearn subjects can also provide additional Queensland Certificate of Education (QCE) credit points.

Alternatively if you want to increase your tertiary admissions rank, our Adult Tertiary Preparation (ATP) course can help you achieve your goals.

For more information visit tafeqld.edu.au/atp.

Go to university

There's more than one way to get into your dream university course. Successfully completing a diploma at TAFE Queensland can help secure you a place in a bachelor degree through our partnerships with local universities.

In many cases, you can enter your university degree straight into second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities. This means your university may also give you credit for your study at TAFE Queensland, shaving time off your degree.

For more information visit tafeqld.edu.au/pathways.

Information for schools

Designed to deliver practical, workplace-specific skills and knowledge, VET covers a wide range of careers and industries. If you find that your students struggle in a traditional classroom, or if they're tactile learners, VET may be where they will really shine.

How TAFE Queensland can help

With more than 500 nationally-recognised qualifications from entry-level certificates to bachelor degrees, studying at TAFE Queensland gives your students access to multiple pathways to get a head start on their careers.

They will learn in industry-standard facilities, have access to a range of student support services, be able to take advantage of a wide range of university pathway options, and so much more.

For more information visit tafeqld.edu.au/advisors.

Partnership with schools program

TAFE Queensland's Partnership with Schools Program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland and are issued with a TAFE Queensland qualification on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact your local TAFE at School team.

Training for school teachers

TAFE Queensland offers low-cost training for school teachers with relevant industry experience so they can deliver VET programs at their school.

Teachers can train in certificate I and II courses relevant to the delivery of TAFE at School courses, as well as higher level qualifications for teachers who want to broaden their skills.

Teachers with existing industry-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

IVET online portal

TAFE Queensland has partnered with IVET to deliver greater timetable and delivery flexibility for teachers. IVET provides an online portal that enables teachers to have instant access to student progress, course information, digital resources, classroom management, professional development logging, compliance, teacher qualification management, and more.

IVET currently facilitates a selection of TAFE at School courses across a range of study areas, and more will be added as development continues.

Teacher aide training

TAFE Queensland also provides nationally-recognised training for teacher aides. Our strong relationships with schools means we can provide opportunities for your staff to gain knowledge and skills across a wide variety of workplace settings.

For more information visit tafeqld.edu.au/education-support or contact us today.

Contact us

For more information please contact your local TAFE at School team on schools.eastcoast@tafeqld.edu.au.

Information for parents

It's tough being a teenager in their final years of school, trying to decide what to do with the rest of their lives. The pressure's on as early as Year 10 and it feels like results and choices will make or break their future.

It can be tough for parents too. Knowing when to intervene or when to take a step back seems impossible at times. But your behind-the-scenes role is crucial to their success.

About vocational education and training

University is not for everyone. Vocational training is not for everyone. *Education is for everyone.*

Most careers need some form of education and training. But, they don't all require a university degree. There are a variety of reasons your child or students should consider vocational education and training (VET). Perhaps they want to enter a trade, test out an industry, gain Queensland Certificate of Education (QCE) credits, or maybe they just need to improve or contribute towards their Australian Tertiary Admission Rank (ATAR).

Why TAFE Queensland

Not everyone learns in the same way or at the same pace. At TAFE Queensland there are as many options as there are individuals, with pathway options to suit your child's needs and help them kick-start their career.

For more information visit tafeqld.edu.au/parents.

Busting VET myths

The 2017 Perceptions are Not Reality report from Skills Australia debunked some of the most common misconceptions about vocational education and training in Australia.

MYTH: Almost 30 per cent of Australians believe that university graduates find work more easily than VET graduates.

FACT: VET graduates have a higher employment rate than university graduates. The average employment rate of a VET graduate is 78 per cent (it's 69 per cent for university graduates).

MYTH: One-in-five Australians believe that VET graduates earn less than university graduates.

FACT: The average VET graduate actually earns similar wages to, if not more than, an average university graduate.

MYTH: Three-in-five Australians believe we need university education more than VET to thrive in a globally competitive world. Almost half those people think VET is no longer as relevant as university education.

FACT: VET aims to provide the skills we need to keep up with our quickly changing employment and industry trends. Additionally VET provides courses for nine out of 10 occupations predicted to have the greatest growth of new jobs over the next five years.

Kick-start your career in rural operations with this entry-level qualification. This course will give you the foundation skills you need to work across a range of positions in agriculture or horticulture.

Certificate II in Rural Operations

VETIS funded
COURSE CODE: AHC21216

Core units

AHCWHS201	Participate in work health and safety processes
AHCWRK204	Work effectively in the industry
AHCWRK209	Participate in environmentally sustainable work practices

Elective units

AHCINF203	Maintain properties and structures
AHCLSK211	Provide feed for livestock
AHCMOM203	Operate basic machinery and equipment
AHCSOL202	Assist with soil or growing media sampling and testing
AHCMOM204	Undertake operational maintenance of machinery
AHCCHM201	Apply chemicals under supervision
AHCBEK203	Open and reassemble a beehive (Bundaberg only)
AHCBEK205	Prepare and use a bee smoker (Bundaberg only)
AHCINF201	Carry out basic electric fencing operations (Bundaberg only)
AHCLSK205	Handle livestock using basic techniques (Bundaberg only)
AHCMOM202	Operate tractors (Bundaberg only)
AHCPGD201	Plant trees and shrubs
AHCLSK204	Carry out regular livestock observation (Nambour only)
AHCINF202	Install, maintain and repair farm fencing (Nambour only)
AHCPMG201	Treat weeds (Nambour only)
AHCPCM201	Recognise plants (Nambour only)
AHCIRG221	Assist with pressurised irrigation operations (Nambour only)

Pathway options

Certificate II in Rural Operations (Career Start) AHC21216	Station hand, first year jackaroo/jillaroo, stud groom, yardsman
Certificate III in Rural Operations AHC32816	Rural sales assistant, operations worker, senior rural operations farmhand
Diploma of Agribusiness AHC51419	Property manager, production unit manager/administrator, station manager, agribusiness manager/administrator

The school-to-work pathway allows school students to take the first step to a career within the aviation industry. The Certificate II in Aircraft Line Maintenance (MEA20518) provides the basic level knowledge and skills required to perform a range of specified maintenance tasks on aircraft on a flight line or at the departure gate.

Certificate II in Aircraft Line Maintenance

VETIS funded
COURSE CODE: MEA20518

Core units

MEA107	Interpret and use aviation maintenance industry manuals and specifications
MEA117	Apply self in the aviation maintenance environment
MEA119	Perform administrative processes to prepare for certification of civil aircraft A level line maintenance
MEA154	Apply work health and safety practices in aviation maintenance
MEA155	Plan and organise aviation maintenance work activities
MEA156	Apply quality standards during aviation maintenance activities
MEA157	Complete aviation maintenance industry documentation
MEA158	Perform basic hand skills, standard trade practices and fundamentals in aviation maintenance
MEA264	Remove and install aircraft electrical/avionic components during line maintenance
MEA265	Remove and install general aircraft electrical hardware
MEA295	Use electrical test equipment to perform basic electrical tests on aircraft components
MEA344	Remove and install aircraft components
MEA345	Perform scheduled line maintenance activities on gas turbine engine fixed wing aircraft
MEA418	Perform basic repair of aircraft internal fittings during line maintenance
MSMENV272	Participate in environmentally sustainable work practices
