HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Build your career through study

People in the construction industry work hours outside the standard nine to five, which is why we offer the Certificate IV in Building and Construction with flexible study options. This theory-based program allows you to fit study around your work, family and personal commitments. You’ll be schooled in a range of topics including contracts, quantities and estimating, building codes and standards, site surveying and workplace health and safety.
