WAYS TO STUDY
STUDY MODES

CLASSROOM-BASED LEARNING
Studying on campus involves face-to-face learning with a teacher in one of our learning spaces including classrooms, workshops, laboratories and simulated learning environments.

ONLINE
Studying online gives you access to TAFE Queensland’s huge range of resources with the added bonus of learning in your pyjamas! Take your career to the next level with an online course you can complete anywhere, anytime.

MIXED-MODE LEARNING
If you want a qualification but don’t know how to fit studying into your busy life, TAFE Queensland can offer you a blend of different learning options. Combine online study with a bit of face-to-face, or even workplace training, at a pace that suits you.

PRINT-BASED DISTANCE LEARNING
Students direct their own learning activities with printed materials received from TAFE Queensland. Training is self-paced, and contact with trainers is usually limited to feedback provided on submitted work.

RESIDENTIAL BLOCKS
Some of our courses are delivered via mixed-mode in intensive blocks of training and distance education. You may be required to travel away from home to complete this type of study. Funding support may be available to assist students with travel, accommodation and meal costs. Students must provide evidence of ABSTUDY eligibility.

APPRENTICESHIP AND TRAINEESHIP
Get the skills while you pay the bills with an apprenticeship or traineeship through TAFE Queensland. We work with employers from a range of industries to give you the tuition and formal qualification that complements your on-the-job training.

RECOGNITION OF PRIOR LEARNING (RPL)
Recognition of Prior Learning (RPL) helps you gain credit towards a qualification based on the skills you already have.

TAFE AT SCHOOL
If you’re a Year 10*, 11 or 12 student, you can complete a range of certificate II and certificate III courses at school. TAFE at School courses work in with your existing high school studies and also count towards your Queensland Certificate of Education (QCE).

OFF-SITE
Training can be delivered outside of a TAFE Queensland campus including rural and remote areas.

WORK-BASED LEARNING
Students get their training on-the-job, supervised by a workplace training officer or their employer. This could be while doing work experience, vocational placement, or doing paid work at their place of employment. Work-based learning also includes completing work-based projects while under supervision.

*Subject to a letter of support from the school Principal
