- » Minimum hours required to enrol: 60 hours
- » Minimum age to enrol: 15 years old
- » Resources required: Access to a computer or tablet with Microsoft Office and Zoom

## FIAMMA RAMOS (COLOMBIA)

My personal opinion about this new experience is that I can feel my English skills are improving much faster than in the classroom. I'm participating more and being an active person during the virtual class. E-learning is making me a creative person because I can access the educational content from anywhere and anytime and I'm saving money on the travel and saving time as well. I'm feeling happy and very comfortable with this way of learning so far. Now I can see that new technologies and new ways to share the wonder of learning are pushing out the old fashion and traditional education. I need to say I have such a good teacher as well!

## DANG VINH THANH NGUYEN (VIETNAM)

After 2 weeks into virtual learning, I find that it is really very interesting and new way of learning. Furthermore, I can learn and practice all of my speaking and other skills easily as well as to meet and talk with a lot of new friends from all around the world without moving anywhere. The schedule and online coffee break are also really flexible. Thanks for giving me a great opportunity to explore this new kind of learning.

### Terms and conditions:

- This course is only for new students who are currently offshore (living outside of Australia)
- A minimum of 60 hours enrolment is required to enrol in this course
- The fee stated on this page only applies to TAFE Queensland's Academic English Starter course. Not valid for all other English programs
