2027

TAFE at School
Course Guide

MAKE GREAT HAPPEN

tafe Queensland

Darling Downs, Ipswich, South Burnett and South West Queensland

Get Career Ready at high school with TAFE at School

If you're a Year 10, 11 or 12 student you may be able to complete a TAFE Queensland qualification while you're still at school.
Choose from a variety of certificate I to diploma courses from a range of study areas from construction to community services, hospitality to health care and everything in between.

How to apply

To submit an application for a TAFE at School course, visit **tafeapply.com**

You'll need the application code for the course in the location you want to apply for. These can be found on pages 36–38 of this guide. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to **www.usi.gov.au** to get one.

Applications open 3 August 2026.

TAFE Queensland acknowledge the Traditional Custodians of Country throughout Australia and respect the continuing connection to land, waters, cultures and family that Aboriginal and Torres Strait Islander peoples uphold. We pay respect to Elders past, present and future. We recognise that teaching and learning has taken place on Country for over 60,000 years and two-way learning is an important part of our reconciliation journey.

Our locations

No other provider can match TAFE Queensland for scale and location options. With more than 60 locations across the state we have Queensland covered, no matter where you are.
To view all of our locations visit **tafeqld.edu.au/locations**.

Our facilities

Step into our purpose-built facilities where you will learn hands-on using the same tools and equipment used in industry. Put your theory into practice straight away in our clinical labs, salons, training restaurants, creative spaces, and trades workshops. Develop your skills, ability, and confidence and gain the practical experience you need to graduate job ready.

Studying at TAFE

Why study at TAFE Queensland?

TAFE Queensland is the largest, most experienced training provider in the state, with a history of serving Queensland's communities for more than 140 years. We offer more than 400 practical, industry-relevant courses from entry-level certificates to bachelor degrees. Our training is delivered to over 139,000 students each year across more than 60 locations in Queensland.

In 2024-25 we trained

139,000 students

100%
of our diploma and higher-level courses have diploma-to-degree pathways

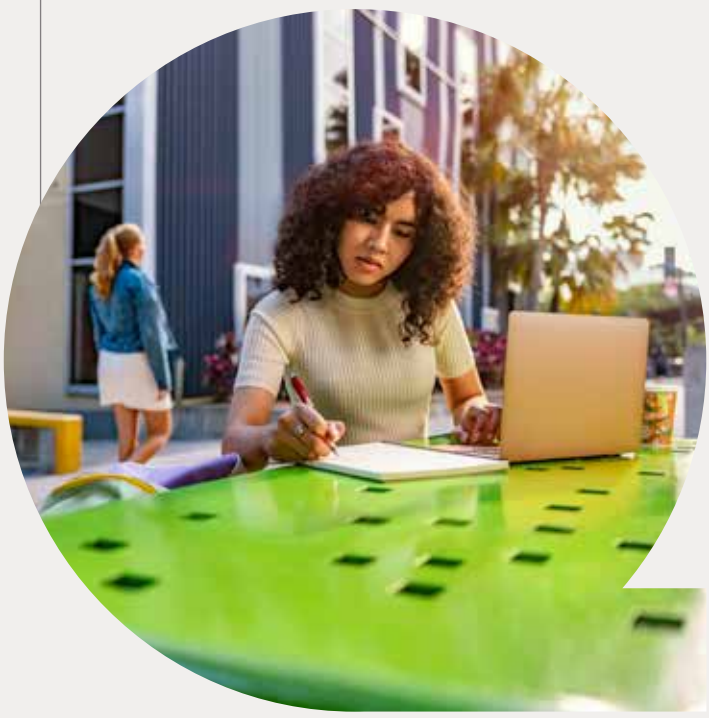
We have an
89% student satisfaction rating
(and we're working very hard on the other 11%)

We have a
93.1% employer satisfaction rating

Every $1 spent
by TAFE Queensland supports
$2.55 of added-value
in the Queensland economy

Over 60
locations

Over 86%
of our graduates go on to work or further study*



TAFE at School

Benefits of TAFE at School

- Fits around your senior studies
- Get valuable Queensland Certificate of Education (QCE) credits
- May contribute to your Australian Tertiary Admissions Rank (ATAR)
- Direct entry to any related TAFE Queensland course
- Open up a variety of university pathways
- Gain credits towards an apprenticeship, diploma or university studies
- Build practical skills in an adult learning environment
- Get work ready

Flexible study options

TAFE Queensland offers flexible study options so you can gain a VET qualification while you're still at school in a way that best suits you.

On campus

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-standard workspaces and classrooms. All training is delivered in an adult learning environment so you'll get a taste of what it's like to study in a higher education setting. You'll also learn from our highly-qualified teachers and benefit from their vast experience.

At school

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland qualification when you complete your course.

Industry experience

Some TAFE at School courses require you to complete work placements, or in some instances to work in the industry. This gives you the opportunity to build your skills and confidence dealing with real-life situations. Work placement requirements should be discussed with your teacher prior to commencement of study.

Year 10 Career Tasters

TAFE Queensland's Career Tasters program is the perfect opportunity for Year 10 students to explore exciting career pathways in a fun, hands-on environment. The program includes interactive activities, industry insights and practical sessions - giving students a real-world look at potential careers.

School-based apprenticeship or traineeship

TAFE Queensland offers both school-based apprenticeships and traineeships, which get you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

After selecting the industry you are interested in and talking with your school and parents/guardians, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland, this is funded by the Queensland Government; however you may need to pay some costs for tools and compulsory personal protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing Year 12, you may be eligible for fee-free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships call **1800 210 210** or visit **dtet.qld.gov.au/training**.

Enrolment into TAFE at School courses is subject to eligibility requirements. Talk to your VET coordinator or guidance counsellor, or visit our website for more information.

Important information

Term dates 2027

TAFE Queensland term dates align with Queensland school terms to fit with your senior studies.

		QUEENSLAND SCHOOLS	TAFE QUEENSLAND
TERM 1	START	Wednesday 27 January	Monday 1 February
	FINISH	Thursday 25 March	Thursday 25 March
TERM 2	START	Monday 12 April	Monday 12 April
	FINISH	Friday 25 June	Friday 25 June
TERM 3	START	Monday 12 July	Monday 12 July
	FINISH	Friday 17 September	Friday 17 September
TERM 4	START	Tuesday 5 October	Tuesday 5 October
	FINISH	Friday 10 December	Friday 29 October

Most TAFE at School courses have intakes in Semester 1 and/or Semester 2, so you can choose to start studying at a time that suits you.

By choosing to start your first course in Year 10 in Semester 2, you can often complete two courses by the time you have six months left of school. This frees you up to concentrate on your studies for the rest of Year 12 so you can nail your final assignments and exams. Bonus: you're ready to hit the ground running in finding a job to earn money, support a gap year or university studies, and kick start your career.

Student support

Everyone's journey is different and sometimes you need some extra support to achieve your study goals. We're here to help. At TAFE Queensland our student support services are available for all of our students, making your learning experience just that little bit easier.

Learn more at **tafeqld.edu.au/studentsupport**.

If you are a TAFE at School student, your regular school support programs are also responsible for ensuring you receive appropriate levels of support while at TAFE. It is expected that if your school normally provides you with a participation assistant or similar for day-to-day learning or personal support, then they also provide this support when you attend your TAFE at School course.

Cost and payment options

Costs vary from course-to-course and you can check our website for the most up-to-date prices. You may be eligible for a range of fee-free TAFE at School courses. In addition to paying for full fees for courses upfront, as a TAFE Queensland student there are a range of subsidies, concessions and loans you may be eligible for to assist you with the cost of your study and training.

For more information and eligibility requirements, please visit **dtet.qld.gov.au/training/providers/funded/vetis**. Eligible students are entitled to one government funded program only.

Payment plans may also be available to assist with payment of your course; however if you're under 18 you will need a guarantor. Applications will be subject to credit checks.

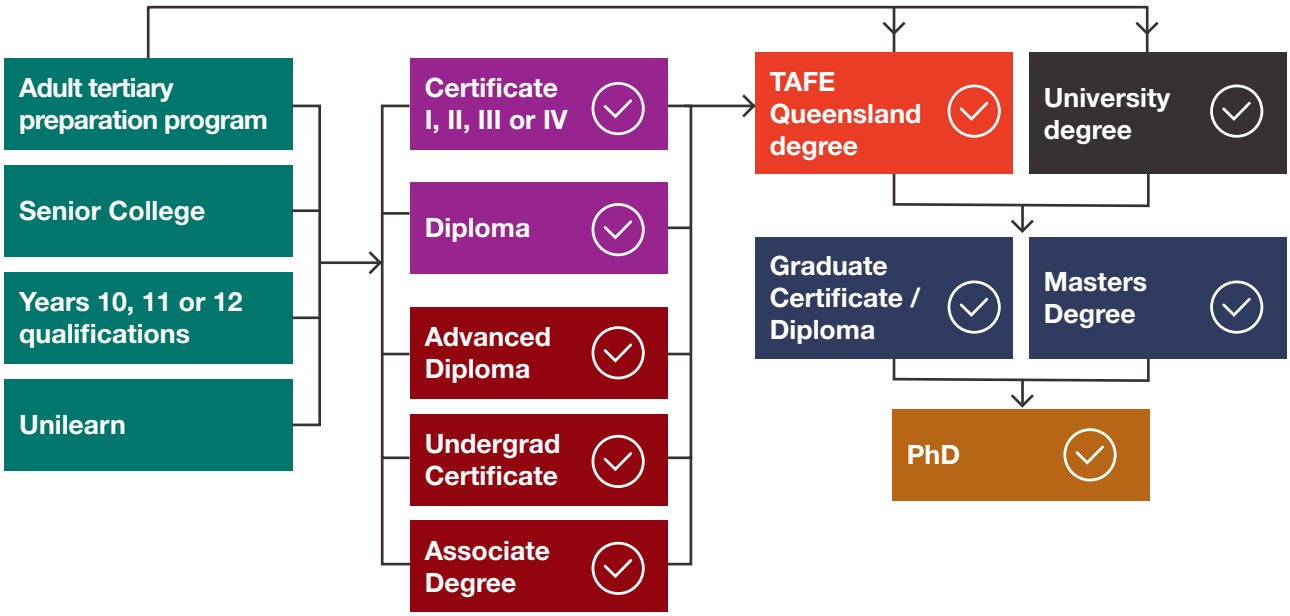
For information about our withdrawal and refund policy, please visit the TAFE Queensland website: **tafeqld.edu.au/policies**.

Find out more

For more information about payments and subsidies, visit **tafeqld.edu.au/subsidies**.

Pathways to your future

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.



Our partner universities and higher education providers

There's more than one way to get into your dream university degree. TAFE Queensland has a range of pathway options and partners that can get you started on your university degree sooner.

Charles Sturt University

Post-school options

Become an apprentice or trainee

Learn hands on with the same equipment and tools used in industry, combining working for an employer and studying at TAFE Queensland, and graduate with a nationally-recognised qualification.

Applying for an apprenticeship or traineeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees. Studying a TAFE at School pre-apprenticeship course can boost your chances of landing your dream job by demonstrating to a potential employer that you're actively interested in their industry.

The first step is to visit an Apprenticeship Network Provider (ANP) to help connect you with an employer. Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract directly with TAFE Queensland.

For more information visit **tafeqld.edu.au/apprentices**.

Apply for a TAFE Queensland certificate or diploma

After successfully completing a TAFE at School course/s you may be eligible for direct entry into any related TAFE Queensland diploma.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees at **tafeqld.edu.au/courses**.

Get ready for university

If you need to complete additional prerequisites for university during or after high school, Unilearn is the perfect option. You can study a range of subjects from maths and science to senior English.

With the ability to study online and after hours, you can easily add a Unilearn subject or two to your senior schooling years. Unilearn subjects can also provide additional Queensland Certificate of Education (QCE) credit points.

Alternatively if you want to increase your tertiary admissions rank, our Adult Tertiary Preparation (ATP) course can help you achieve your goals.

For more information visit **tafeqld.edu.au/atp**.

Go to university

There's more than one way to get into your dream university course. Successfully completing a diploma at TAFE Queensland can help secure you a place in a bachelor degree through our partnerships with local universities.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities. In those cases, you can enter your university degree straight into second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

For more information visit **tafeqld.edu.au/pathways**.

Information for schools

Designed to deliver practical, workplace-specific skills and knowledge, VET covers a wide range of careers and industries. If you find that your students struggle in a traditional classroom, or if they're tactile learners, VET may be where they will really shine.

How TAFE Queensland can help

With more than 500 nationally-recognised qualifications from entry-level certificates to bachelor degrees, studying at TAFE Queensland gives your students access to multiple pathways to get a head start on their careers.

They will learn in industry-standard facilities, have access to a range of student support services, be able to take advantage of a wide range of university pathway options, and so much more.

For more information visit **tafeqld.edu.au/advisors**.

Partnership with schools program

TAFE Queensland's Partnership with Schools Program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland and are issued with a TAFE Queensland qualification on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact your local TAFE at School team.

Training for school teachers

TAFE Queensland offers low-cost training for school teachers with relevant industry experience so they can deliver VET programs at their school.

Teachers can train in certificate I and II courses relevant to the delivery of TAFE at School courses, as well as higher level qualifications for teachers who want to broaden their skills.

Teachers with existing industry-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

Teacher aide training

TAFE Queensland also provides nationally-recognised training for teacher aides. Our strong relationships with schools means we can provide opportunities for your staff to gain knowledge and skills across a wide variety of workplace settings.

For more information visit **tafeqld.edu.au/education-support** or contact us today.

Contact us

For more information please contact your local TAFE at School team on **GOTAFE.SouthWest@tafeqld.edu.au**.

Information for parents

It's tough being a teenager in their final years of school, trying to decide what to do with the rest of their lives. The pressure's on as early as Year 10 and it feels like results and choices will make or break their future.
It can be tough for parents too. Knowing when to intervene or when to take a step back seems impossible at times. But your behind-the-scenes role is crucial to their success.

About vocational education and training

University is not for everyone. Vocational training is not for everyone. Education is for everyone.

Most careers need some form of education and training. But they don't all require a university degree. There are a variety of reasons your child or students should consider vocational education and training (VET). Perhaps they want to enter a trade, test out an industry, gain Queensland Certificate of Education (QCE) credits, or maybe they just need to improve or contribute towards their Australian Tertiary Admission Rank (ATAR).

Why TAFE Queensland

Not everyone learns in the same way or at the same pace. At TAFE Queensland there are as many options as there are individuals with pathway options to suit your child's needs and help them kick start their career.

For more information visit **tafeqld.edu.au/parents**.

Busting VET myths

There are a number of common misconceptions about vocational education and training (VET) in Australia. The following myths highlight how perceptions differ from current reality.

MYTH: VET and TAFE are outdated and no longer relevant.

FACT: Modern VET is industry-led, with up-to-date facilities, teachers and courses aligned to today's jobs.

VET training is delivered in contemporary, purpose-built facilities using equipment and technology found in industry. Teachers maintain current industry experience, and courses are regularly updated and designed to be shorter and more flexible to meet workforce needs.

MYTH: University graduates find work more easily than VET graduates.

FACT: VET graduates have strong employment outcomes and are often job-ready sooner.

VET focuses on practical training for in-demand occupations experiencing skill shortages. Apprentices, trainees and graduates benefit from real-world experience that employers value, supporting high employment levels soon after completion.

MYTH: VET graduates earn less than university graduates.

FACT: VET graduates can earn similar wages to, or more than, university graduates.

Many VET pathways lead to occupations with competitive starting salaries, particularly in trades, healthcare and technical industries. VET students can also earn while they learn, gaining income and experience during their training.

MYTH: VET only leads to limited or short-term jobs.

FACT: VET prepares people for practical, future-focused careers.

VET provides skills for industries essential to Australia's future economy, including construction, renewables, healthcare, cyber security, services and small business. Practical, adaptable training supports long-term employability in a changing world of work.

Study areas

Whether you dream of a career in nursing, hospitality, business, IT, education, community services or a trade, TAFE Queensland has the course options to kick-start your career.

Business and IT 16

Whether you're pursuing a career in management, human resources, marketing, accounting, or finance – we have a course to suit your business goals.

Discover a challenging and meaningful career in legal services, crime and justice, or government and public service, and ensure you're at the forefront of the latest developments with our industry-based IT courses.

Education and community 19

You can develop hands-on skills for a rewarding career in early childhood education and care or education support and give children a fun, safe and supportive environment to learn and grow. Or you can work to promote the safety and well-being of children, families, and at-risk people in community services.

Environment and animal services 21

Our practical courses will qualify you to work across a wide range of jobs in agriculture, horticulture and floristry. Or if working with creatures great and small is your goal, we'll give you the skills you need to launch your career in animal or veterinary services.

From our Rural Centre of Excellence and horticulture precincts, to fully equipped pet grooming salon and veterinary clinic, you'll graduate job ready with skills employers want.

Health and science 22

TAFE Queensland offers practical, hands-on training that develops the skills you need to make a difference as a nurse, Aboriginal and Torres Strait Islander health care worker, pathology assistant, remedial massage therapist, and more.

Our purpose-built facilities feature industry-standard equipment and the latest in technology, so you can put theory into practice straight away. Combined with experienced teachers and vocational placements, you'll graduate with skills employers want.

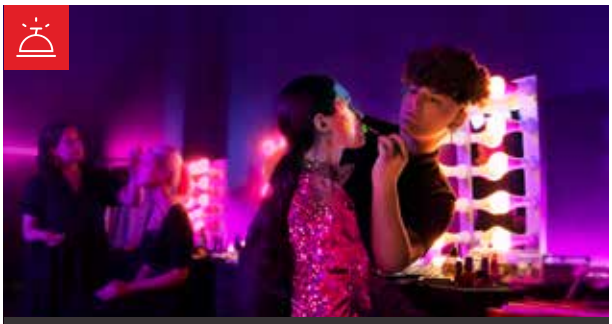
Infrastructure and transport 23

Infrastructure and transport are booming across the state, country and globe, opening the door for the next generation to create exciting careers in the industry.

Academy of Sport 24

The Academy of Sport TAFE at School program promotes excellence by equipping senior high school sports enthusiasts with the right tools to pursue success in and outside the sporting arena.

Various sporting codes and locations are available, with students undertaking regular practical sessions, guest speaker workshops and building athlete development knowledge throughout the program. Sessions are split between theory and hands-on delivery to advance the learning experience.



Service industries 27

Create an exciting and memorable career in events and travel, hair and beauty, hospitality and cookery, or the retail industry when you study one or more of our service industries courses.

At TAFE Queensland you'll not only learn the theory, but you'll develop hands-on skills and get real-world experience to give you the advantage in your industry of choice.

Learn using industry-standard equipment and technology in our purpose-built facilities. Get the skills, knowledge and confidence to work with clients and bring your career to life.

Trades 32

Develop the practical skills to work across a wide range of trade areas and specialisations including electrotechnology and refrigeration, building and construction, engineering and manufacturing, automotive, and safety.

No matter what qualification you choose, at TAFE Queensland you will learn from experienced teachers using industry-standard equipment and technology in our purpose-built facilities. You'll graduate with the skills you need to establish a rewarding career.

ACADEMY OF SPORT

tafe Queensland

TAFE at School Program

The Academy of Sport TAFE at School program promotes excellence by equipping senior high school sports enthusiasts with the right tools to pursue success in and outside the sporting arena. Various sporting codes and locations are available in 2025, with students undertaking regular practical sessions, guest speaker workshops and building athlete development knowledge throughout the program. Sessions are split between theory and hands-on delivery to advance the learning experience.

This innovative program partners with peak Queensland sporting clubs and bodies, allowing students to develop the skills and knowledge in a sport-specific learning environment one (1) day per week. Providing them with a valuable behind-the-scenes experience they would not get anywhere else.

Learn in an active sporting environment

Taught by sporting experts

Develop your skills and lead practice sessions

Meet top-level athletes and club reps

Connect with athletes from other schools

Advance your coaching skills

Conduct athlete testing

Track and achieve your goals

How to apply

To submit an application for a TAFE at School course, visit **tafeapply.com**

You'll need the application code for the course in the location you want to apply for. These can be found on pages 36–38 of this guide. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to **www.usi.gov.au** to get one.

Applications open 3 August 2026.

Delivery modes

(B) **Block training:** Training is delivered in study blocks from three days to six weeks at our training facilities.

(D) **Day release:** Training is scheduled one day a week at our training facility.

(DD) **Drop in day:** Students can drop in to campus to train with a teacher. Please contact us to enquire about available days.

(MV) **Mobile van:** We understand that running your own business can be demanding, that's why we can bring our tools and equipment to you in our mobile training van.

(O) **Online:** May include access to online elements such as learning materials as well as practical training, and for some courses, training may be via video or web conferencing programs.

(W) **Workplace:** Students are trained and assessed by our workplace training officers in their own workplace.
