Study areas

Whether you dream of a career in Nursing, Hospitality, Business, IT, Community Services or a trade, TAFE Queensland has the course options to kick-start your career.

TAFE Queensland acknowledges the Traditional Custodians of Country throughout Australia and respects the continuing connection to land, waters, cultures and family that First Nations peoples uphold. We pay respect to Elders past and present. We recognise that teaching and learning has taken place on Country for over 60,000 years and two-way learning is an important part of our reconciliation journey.

Why study at TAFE Queensland?

We train
approximately

Qualifications explained

We offer a full range of nationally-recognised qualifications from entry-level certificates through to advanced diplomas. We also offer comprehensive trade training from beginner to advanced levels.

Certificates

Certificate I

Certificate I courses cover base-level skills for entry into the workforce.

Certificate II

Certificate II courses prepare you for entry-level positions or apprenticeships in a variety of industries.

Certificate III

Certificate III qualifications are ideal for those wanting to gain a trade, change careers or move out of entry-level roles.

Certificate IV

Certificate IV courses typically interest those who want to advance their careers in the industry they already work in, or further develop skills and knowledge acquired through previous study.

Diplomas

Diploma

Diploma courses develop broad and in-depth skills in professional, technical or creative fields.

Advanced Diploma

An advanced diploma is ideal for ambitious professionals wanting to fast-track their career.

University pathways

There's more than one way to get into your dream university course. We have a range of pathway options that can get you started on your university degree sooner. Explore your options at:

tafeqld.edu.au/courses/pathways-to-university

Trade qualifications

Pre-apprenticeship courses

Pre-apprenticeships are a great way to improve your prospects of gaining an apprenticeship, develop practical skills in your trade, and gain credit towards a full apprenticeship.

Apprenticeships

Earn while you learn by undertaking an apprenticeship with TAFE Queensland. Completing an apprenticeship is essential if you want to become a qualified tradesperson.

Traineeships

Much like apprenticeships, traineeships give you the opportunity to combine training with a paying job. Trainees are trained in vocational areas such as early childhood education and care, or business.

Post-trade training

Post-trade training is great if you want to specialise, gain a specific trade licence, gain credit towards university, or expand your horizons after completing an apprenticeship.

Support services

Everyone's journey is different and sometimes you need some extra support. We're here to help. Free and confidential support services are available to all students. tafeqld.edu.au/student-support-services

Learning support

The Learning Skills team is ready to assist you with:

- Skills Check
- Your digital, reading, writing and mathematics skills
- Succeeding in your course, whichever way you are studying
- Time management and preparing for exams
- Help with assignments, referencing and essay writing
- Studiosity: 24/7 on-demand, online study help for academic literacy skills and core subject support

Skills Check

Before you enrol in your course, you may be invited to complete a Skills Check - an online assessment tool used by TAFE Queensland to understand your current abilities in English, Maths and using Digital Technology. The Skills Check measures your levels against the recommended or required benchmarks, listed on your course page, based on the Australian Core Skills Framework (ACSF).

Unless it is a formal entry requirement for your course, your results will not stop you from enrolling. They simply help us to provide the right support to help you succeed.

Understanding your skill levels before starting a new course is important. **It allows you to:**

- make an informed choice about your course before you go ahead and enrol
- explore alternative courses or pathways
- access learning support so you have the best chance to graduate successfully.

If the Skills Check identifies any skill gaps, you can access learning modules designed to help you improve.

AccessAbility support

If you identify with having a disability, our staff can work with you to develop a support plan.

This may include:

- Communicating with your teacher on your behalf, if required
- Providing sign language interpreters, readers and scribes
- Loaning you assistive technology
- Coordinating alternative assessment arrangements

Counselling support

Short-term counselling is available for all students. Support services include:

- Deciding what career path to follow
- Choosing the right course
- General difficulties with student life
- Personal and complex issues
- Cross-cultural and special needs
- Service referrals for long-term support

Aboriginal and Torres Strait Islander student support

Indigenous Student Support Officers are available to assist Aboriginal and Torres Strait Islander students to reach their educational goals by providing support in a culturally sensitive manner. Indigenous Student Support Officers assist with:

- Enrolment processes
- Centrelink ABSTUDY enquiries
- Tutor support
- Referrals to other community service providers
- Enquiries for 'Away from Base' courses
- Personal support

To talk to an Indigenous Student Support Officer call **1300 308 233**.

Internet/WiFi

WiFi hot spots are available at various campuses. Student computers are equipped with Internet access. To find out how to connect, visit tafeqld.edu.au/wifi

Libraries

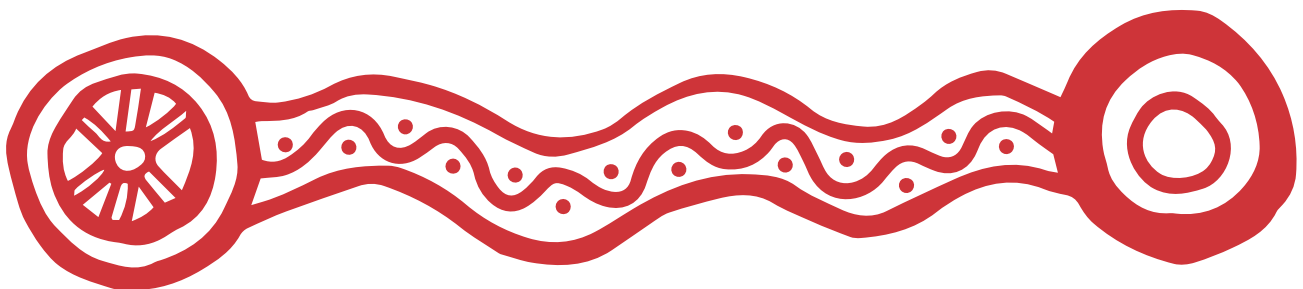

All TAFE Queensland students receive automatic library membership which gives you access to our physical library services as well as an extensive range of digital resources that are available to use at any time.

Our library network allows both online and on-campus students to access information and borrow resources from across all TAFE Queensland libraries.

Our fully qualified library staff can help you:

- Use the library facilities including the library catalogue
- Access digital resources including eBooks, eJournals, streaming videos, and databases
- Reserve resources from other campuses
- Start to research your assignment topic
- Reference assignment sources to avoid copyright and plagiarism issues

tafeqld.edu.au/about/facilities/libraries

Ways you can study

On campus

You'll learn face-to-face with a teacher in one of our learning spaces like a classroom, workshop, laboratory or simulated learning environment. You can also interact with your teachers using live video or web conference programs. You may also need to access our learning management system, Connect, to access resources, assessment details or submit assessments.

Online with on campus practical training

Your course is primarily online, however you will need to come into a campus to undertake face-to-face practical learning and assessment. As an online student you will access learning materials through Connect – our learning management system and may interact with your teachers and other students using live video or web conference programs.

On campus with some online

You'll primarily learn face-to-face with a teacher in one of our learning spaces like a classroom, workshop, laboratory or simulated learning environment. In this study mode you will attend a TAFE Queensland campus most of the time, but some of your classes or training may be via video or web conference programs (like Zoom).

Residential blocks

Some of our courses are delivered via mixed mode in intensive blocks of training and distance education. You may be required to travel away from home to complete this type of study. Funding support may be available to assist students with travel, accommodation and meal costs. Students must provide evidence of ABSTUDY eligibility.

Online self-directed

Our online self-directed courses are designed for individuals who want the flexibility to study at their own pace and cannot or prefer not to attend on campus or be locked into attending classes at specified times. You will access learning materials including documents, videos, assessments and more through Connect – our learning management system and will complete self-paced study.

Apprenticeship

Earn while you learn. Work and earn a wage with an employer while you complete hands-on training and a nationally-recognised qualification.

Traineeship

Work and learn at the same time. Combine on-the-job training with an employer, while you study and get paid.

Online virtual classroom

Your course will be delivered online, but to a scheduled timetable. To complete your study you will interact with your teachers and other students using live video or web conference programs (like Zoom), and access learning materials through Connect – our learning management system.

TAFE at School

If you're a Year 10*, 11 or 12 student, you can complete a range of certificate I and certificate II courses. TAFE at School courses work in with your existing high school studies and also count towards your Queensland Certificate of Education (QCE).

*Subject to a letter of support from the school Principal.

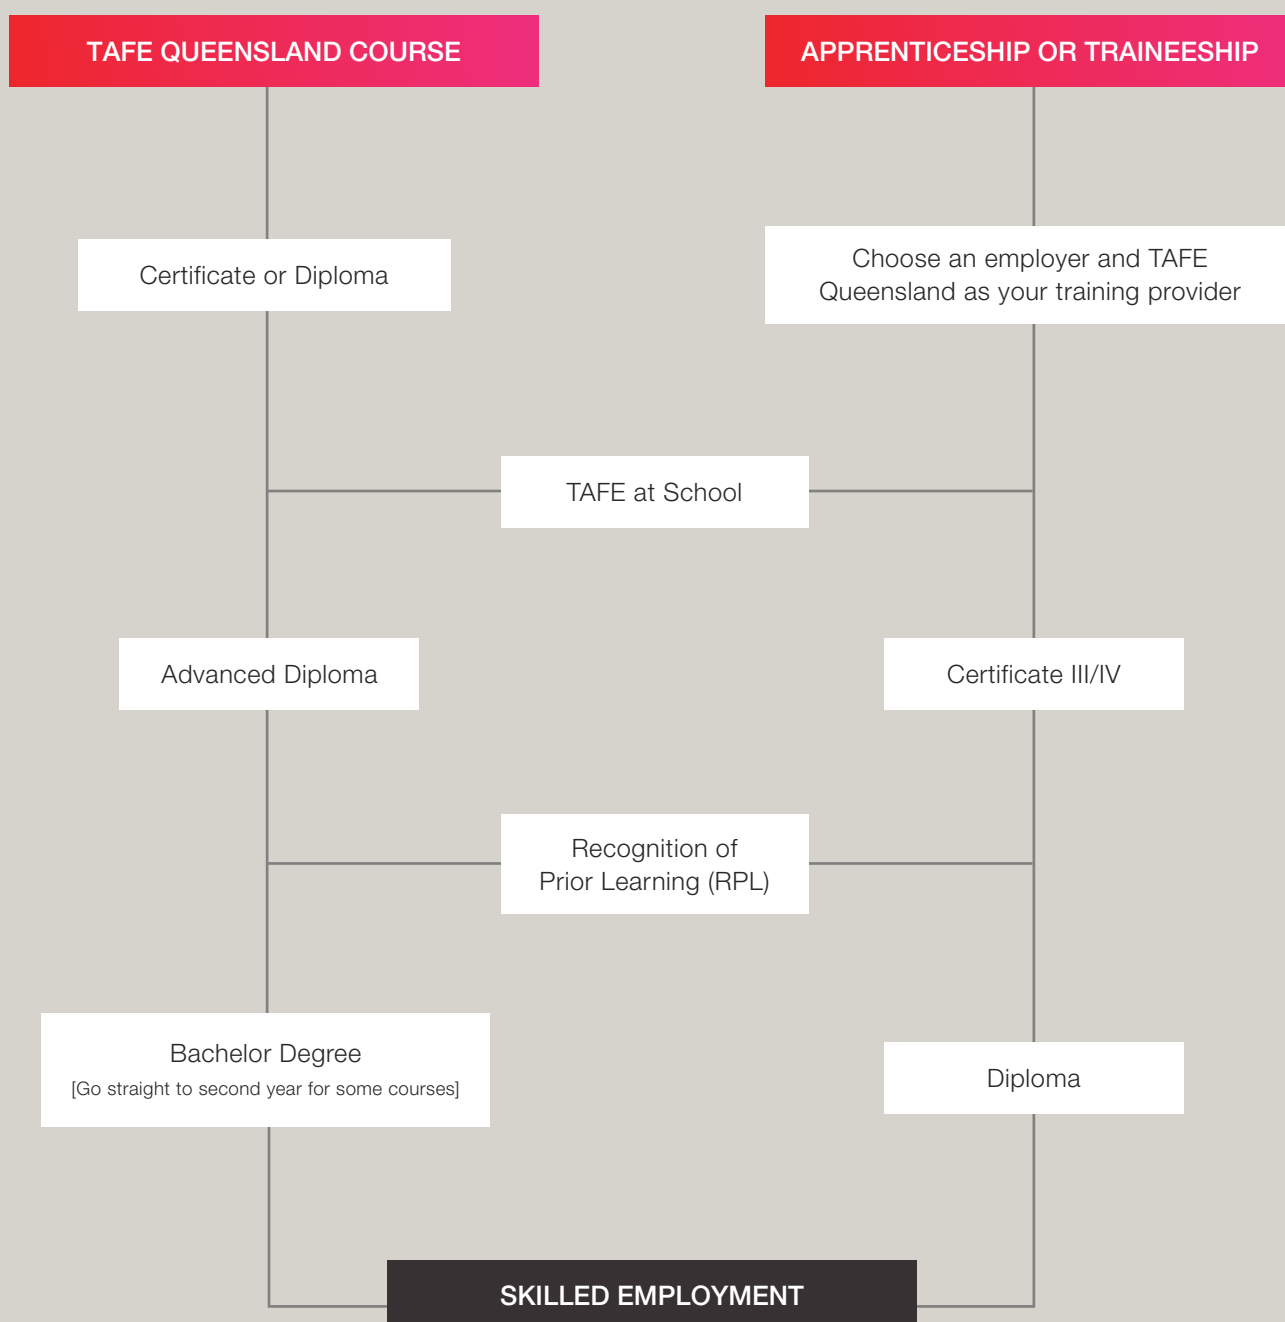

Recognition of prior learning (RPL)

If you've completed prior study or have significant work experience, applying for credit transfers or Recognition of Prior Learning (RPL) can reduce study time and costs.

Pathways to your future

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.

Subsidies and payment options*

As a TAFE Queensland student, there are a range of subsidies, concessions, loans and scholarships you may be eligible for, to assist you with the cost of your study. For more information, visit tafeqld.edu.au/what-it-costs

Payment plans

TAFE Queensland offers an interest free payment plan option to approved students allowing them to pay their fees in instalments over the duration of their study. Payment plans are available for both full fee paying students and students paying a subsidised tuition fee. Terms and conditions apply and payment plans are only offered through direct debit bank contracts. To find out if you're eligible for government and independent funding to help reduce the cost of your training, visit tafeqld.edu.au/eligibility-calculator

VET Student Loans

If you are eligible, you may be able to apply for a VET Student Loan. You can view the fee schedules for the list of available courses that are eligible for a VET Student Loan at tafeqld.edu.au/vsl-fee-schedules

Student portal

Through the portal, you can pay your fees, update your details, access your Statement of Account, check your academic results and submit electronic requests. For example: Credit Transfer application, change of name. tafeqld.edu.au/student-portal

Scholarships

Achieve your career goals with the help of a TAFE Queensland Scholarship. For further information, visit scholarships.tafeqld.edu.au

How to apply

1 Choose your course

- Make sure you fully understand the course details and fees.

2 Entry requirements

- Some courses don't have any entry requirements, however may require previous qualifications, skills or knowledge. You can find this information on all course pages on our website under **Important Information**.

3 Your rights and responsibilities as a student

- It is important that you take the time to familiarise yourself with the TAFE Queensland Student Rules and Policies on our website. Visit tafeqld.edu.au/student-rules

4 Complete your application

- Go to tafeqld.edu.au/eligibilitydocuments to view eligibility documents required.
- Gather and upload your eligibility documents to submit online via the **Apply Now** button on the course brochure, apply via the **Student Portal** or provide hard copies to a **Customer Service Centre**.
- Arrange payment and enrol.

*Subsidies and payment options are subject to change.

Apprenticeships and traineeships

Apprenticeships and traineeships combine paid work with structured training to gain a qualification. At TAFE Queensland, we work with your employer to help you successfully gain competence in a trade (apprenticeship) or a vocational area (traineeship).

Upon completion, you may find yourself in a great place to keep working, go on to future study or even start your own business!

Did you know you can start an apprenticeship or traineeship during high school, after school or if you've been in the workforce for a long time?

Traineeships vary in length from six months to three years, while apprenticeships generally take three to four years to complete. TAFE Queensland will assist you and your employer to get started and will provide ongoing support every step of the way!

Four easy steps to become an apprentice or trainee

1 Choose the right apprenticeship or traineeship

- Think about what you enjoy doing and what your interests are.
- Speak to your family, friends or your school career counsellor or guidance officer.
- Get the facts at apprenticeshipsinfo.qld.gov.au

2 Find an employer

- You can be employed directly by a business. The business will pay your wages and train you with the support of a training organisation.

To find an employer:

- Contact businesses either in person or through a letter
- Apply for jobs
- Search for jobs on websites:
workforceaustralia.gov.au, seek.com.au and careerone.com.au
- Using your personal networks – talk to family and friends to see if they know anyone who could employ you as an apprentice or trainee.
- Contact a Workforce Australia Employment Service provider – these organisations can provide you with a list of job vacancies in your area. Visit workforceaustralia.gov.au
- You can be employed by a group training organisation who will place you with different businesses to gain on-the-job experience, pay your wage and organise your training.
To find a group training organisation visit:
desbt.qld.gov.au/training/employers/gto/contact

3 Choose your training partners

- Work with an Apprentice Connect Australia Provider (ACAP): They will work with you and your employer at this stage to help you complete the training contract.
- Choose a training organisation: You and your employer will choose a training organisation (TAFE) who will work with you throughout the apprenticeship or traineeship. Visit an Apprentice Connect Australia Provider apprenticeships.gov.au/who-to-contact/search-for-a-group-training-organisation for more information.

4 Get started

- Complete your paperwork: Speak to your employer and your training organisation to complete your paperwork and develop your training plan.
- Use the probationary period: Probation is a period when the apprentice or trainee works and trains with an employer before each decides whether to continue.

Skills for Education and Employment Program

Free skills training

The Skills for Education and Employment (SEE) program is a great way to build the skills you need for the job market or further study.

-  **Free course** - This training is fully funded by the Australian Government and is free for our students.
-  **Meet mutual obligations** - In SEE, you'll earn up to 25 points per week towards your mutual obligations.
-  **Certificate outcomes** - Access up to two years of training in order to complete a course or certificate up to (and including) Certificate III.
-  **Job focus** - From job interview techniques to short vocational courses, we'll get you ready for the job market.
-  **Workplace experience** - Through SEE, you may be able to participate in local work placements relevant to your career goals.
-  **Start at anytime** - **Don't wait for the next term to start.** Our classes offer rolling intakes, so you can start any week of term.

Who can join?

- ✓ You are aged 15 years or over and have left school.
- ✓ You are keen to build your skills to gain access to work and study.
- ✓ You are an Australian citizen, permanent visa holder or Pacific Australian Labour Mobility visa holder, or you are on a provisional or temporary visa with working rights and are eligible for the Adult Migrant English Program.

The Skills for Education and Employment (SEE) program is funded by the Australian Government Department of Employment and Workplace Relations.

For more information call 1300 308 233 or talk to your Employment Service Provider.
tafeqld.edu.au/tells

Adult Migrant English Program

The Adult Migrant English Program (AMEP) offers free and basic English language classes to help migrants and refugees settle into life in Australia.

- Access free English lessons and funded childcare.
- Study full time or part time.
- Access to tutors.
- Make new friends and learn about living in Australia.
- Connect with Australian workplace language, culture and practices.
- Learn how to access government and community services.

Eligibility criteria

- ✓ You have a family, skilled, humanitarian, spousal or approved temporary visa. (Approved temporary visas do not include a work and holiday visa, working holiday visa or visitor visas).
- ✓ You need to improve your English.
- ✓ You are aged over 18. Some migrant youths aged 15-17 may also be eligible.

The Adult Migrant English Program (AMEP) is funded by the Australian Government Department of Home Affairs. In Queensland, the AMEP is delivered through TAFE Queensland.

For more information call 1300 308 233
tafeqld.edu.au/tells

Residential Block Training

Aboriginal and Torres Strait Islander students don't need to live near one of our campuses to study a course with us. At TAFE Queensland north region, we deliver a number of courses via residential study blocks.

These courses are registered as Away from Base courses, which means students may be able to have their travel, accommodation and a meal allowance paid when they attend residential blocks. Students must be registered with ABSTUDY to be eligible for Away from Base funding.

For more information about Away from Base courses, contact an Indigenous Student Support Officer on 1300 308 233.

Remote Area Teacher Education Program (RATEP)

Looking for a pathway to teaching?

RATEP is a community-based teacher education program that provides a direct pathway for Aboriginal and Torres Strait Islander people living in remote, rural and regional locations to become registered teachers, qualified teacher aides or early childhood educators.

The RATEP program is a partnership between TAFE Queensland north region, Queensland Department of Education and James Cook University (JCU). This program aims to increase the employment of Indigenous teachers and grow the capability of Indigenous paraprofessionals within Queensland state schools, supporting the Department of Education 2025-2029 Strategic Plan.

Students undertaking the program are enrolled in the Certificate III in Aboriginal and Torres Strait Islander Education 11212NAT or the Diploma of Aboriginal and Torres Strait Islander Education 11214NAT. The program is offered at a number of RATEP sites throughout Queensland as well as an off-site delivery model with teacher support. Teacher coordinators provide support to students at these sites as well as students studying remotely off-site.

Depending on their chosen learning pathway, students complete their studies with TAFE Queensland and JCU. This tailored support enables students to stay in community and be part of community while learning.

Benefits to students include:

- subsidised training for eligible applicants
- payment plans available
- gain credit toward higher qualifications
- financial assistance for travel and accommodation to attend residential blocks in Cairns for eligible students.

Qualifications in both Early Childhood Education and Care and Aboriginal and Torres Strait Islander Education are available to study.

Certificate III in Aboriginal and Torres Strait Islander Education 11212NAT

Start your teaching journey with this entry-level course for Aboriginal and Torres Strait Islander students. Gain the skills to work as a teaching assistant and access pathways into a Bachelor of Education at James Cook University.

Diploma of Business BSB50120

Upgrade your career with this high-level qualification. Elevate your business skills at a management or executive level.

Job prospects: Program consultant, program coordinator, executive officer, administration manager

Management

Diploma of Project Management BSB50820

Enrich your career and gain the advanced skills and knowledge you need to successfully manage projects.

Job prospects: Project administrator, project manager, project team leader, project leader

Certificate IV in Leadership and Management BSB40520

Certificate IV in Leadership and Management (for Aboriginal and Torres Strait Islander students) BSB40520

Discover your potential in leadership and management with this mid-level qualification. You will learn specialised skills that will help you to excel as a team leader or supervisor.

Job prospects: Supervisor, team leader

Diploma of Leadership and Management BSB50420

Diploma of Leadership and Management (for Aboriginal and Torres Strait Islander students) BSB50420

Advance your leadership career with this high-level qualification. Gain specialised skills to manage teams across diverse departments and industry sectors.

Job prospects: Business manager, human resource manager, sales team manager

Work Health and Safety

Certificate IV in Work Health and Safety BSB41419

Upgrade your skills and knowledge in work health and safety with this mid-level qualification. This qualification will give you specialised skills to seek work as a safety inspector or human resources assistant.

Job prospects: Work Health and Safety (WHS) systems officer, payroll officer, human resources assistant

● Also available as a Traineeship

Hospitality

● **Certificate III in Hospitality (Food and Beverage)** SIT30622

Gain essential skills and knowledge to join the hospitality industry in an entry-level position, and discover the various exciting career pathways of the industry.

Job prospects: Function host, guest service agent, waiter, senior bar attendant, restaurant host, food and beverage attendant, function attendant

Diploma of Hospitality Management SIT50422

Take the next step in your career and get the skills you need to take on a management role in the hospitality industry.

Job prospects: Café or restaurant manager, kitchen manager, executive housekeeper

Cookery

● **Certificate II in Cookery** SIT20421

Set yourself on the path to a career in the kitchen with this introductory level course.

Job prospects: Fast food cook, catering assistant, breakfast cook, takeaway cook, sandwich hand, apprentice chef

● **Certificate III in Commercial Cookery** SIT30821

Stir up new opportunities and gain a diverse range of skills to work effectively in the kitchen.

Job prospects: Cook, commercial cook, banquet cook, café cook, bistro cook

Certificate IV in Kitchen Management SIT40521

Develop your technical skills and advanced knowledge required to join a kitchen brigade or continue with further specialised study.

Job prospects: Chef de partie, chef

Certificate III in Marine Operations (Marine Cookery) MAR30320

Set sail and embark on a culinary career at sea. Develop a broad range of skills to become a professional cook in the maritime industry. Only available through Recognition of Prior Learning (RPL).

Job prospects: Ship's cook, marine cook

Short courses

Food Handling skill set SITSS00068

- Use hygienic practices for food safety SITXFSA005

Food Safety Supervision SITSS00069

- Use hygienic practices for food safety SITXFSA005
- Participate in safe food handling practices SITXFSA006

Introduction to Barista skill set SSSIT0001

- Use hygienic practices for food safety SITXFSA005
- Prepare and serve espresso coffee SITHFAB025

Responsible Service of Alcohol SITSS00071

- Provide responsible service of alcohol SITHFAB021

● Also available as a Traineeship ● Apprenticeship

Events

● Certificate III in Events SIT30522

Kick-start an unforgettable career in events with this entry-level traineeship.

Job prospects: Conference and events assistant, event operations assistant, event administrative assistant

Diploma of Event Management SIT50322

Enhance your career in events with this advanced-level qualification. Learn how to work effectively as part of a team to create memorable experiences for your audience. Study online.

Job prospects: Conference coordinator, event or exhibition planner, function coordinator, venue coordinator, staging coordinator

Tourism, Travel

● Certificate III in Travel SIT30222

Turn your love of travel into a career with this entry-level course. Study online

Job prospects: Reservation sales agent (tour operator), international corporate or online travel consultant

● Certificate III in Tourism SIT30122

Embark on a career in tourism with this entry-level course. Gain skills to work across a number of strong-growth industries such as tourism, business and events.

Job prospects: Visitor information officer, marine tourism assistant, inbound tour coordinator, cellar door salesperson and guide, reservations sales agent

Diploma of Travel and Tourism Management SIT50122

Develop your career and gain global opportunities with this advanced-level qualification. Gain high-level communication and technical skills that you need to manage a travel or tourism business.

Job prospects: Tour operations manager, travel agency manager, marketing manager, sales manager

● Also available as a Traineeship

Beauty

Certificate III in Beauty Services SHB30121

Help others look and feel beautiful with this entry-level qualification. This course is a minimum requirement to work as a beauty therapist or make-up artist.

Job prospects: Beautician, beauty consultant, make-up artist

● Diploma of Beauty Therapy SHB50121

Enhance your career in beauty with this high-level qualification. Learn the specialised knowledge and skills you need to work as a senior beauty therapist.

Job prospects: Beauty therapist, Spa Therapist

Certificate III in Beauty Services SHB30121 / Diploma of Beauty Therapy SHB50121

Accelerate your career in the beauty industry with this dual Certificate III and Diploma-level qualifications. This course will give you the specialised skills and knowledge to flourish within the beauty industry.

Job prospects: Beauty therapist, Make-up artist, Spa Therapist

Hairdressing

● Certificate III in Hairdressing SHB30416

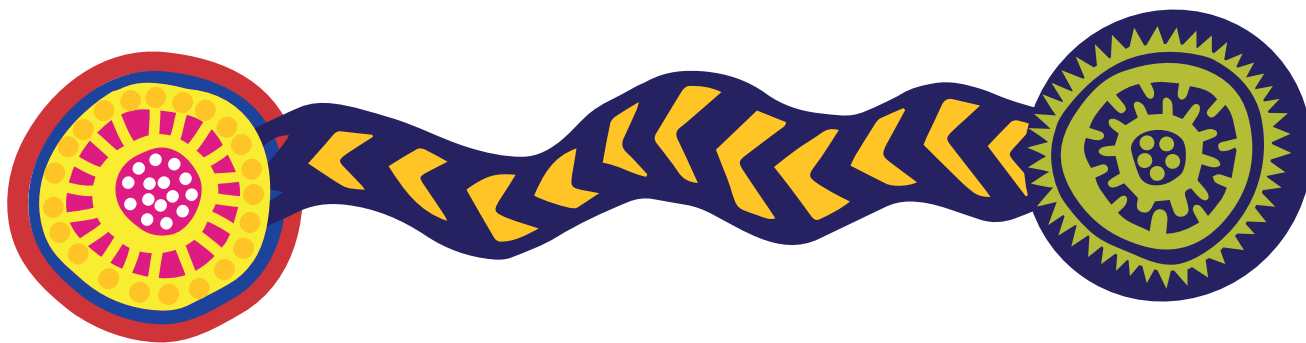

Style your career in hairdressing with this entry-level qualification. This course is an essential minimum requirement for every hairdresser.

Job prospects: Hairdresser, hair stylist

● Certificate III in Barbering SHB30516

Kick start your career in the barbering industry and become a barber with this entry-level course.

Job prospects: Barber

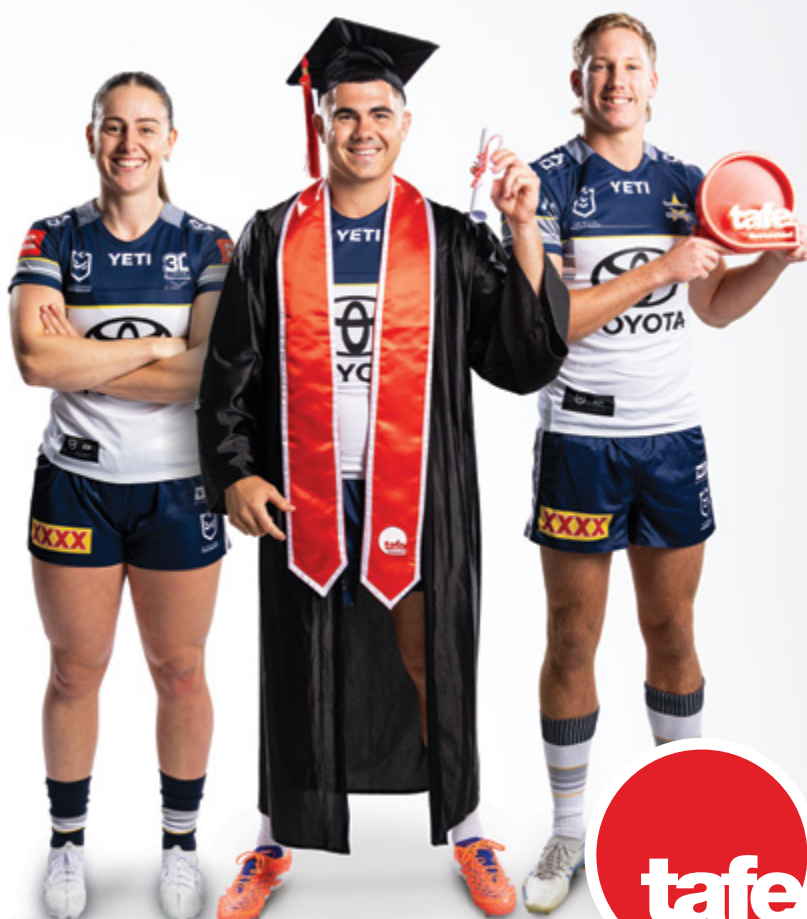

Music

Certificate III in Music CUA30920

Follow your passion for music and performance to kick start your career in the music industry with this entry level qualification.

Job prospects: Recording artist, band member, band leader, assistant sound engineer, stage hand

Official Vocational Education and Training (VET) Partner of the North Queensland Toyota Cowboys

Maritime

Certificate I in Maritime Operations (General Purpose Hand Near Coastal) MAR10224

Set sail and start your new career in the maritime industry. This course will provide you with basic skills and knowledge to work as a commercial general purpose hand.

Job prospects: General purpose hand, engine room worker (vessels with propulsion power up to 3000 kilowatts and up to 100m, Deck hand (vessels up to 100m), General purpose hand as define by Marine Order 505

Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal) MAR20324

Advance your maritime career and learn skills that will help you become a coxswain of commercial vessels up to 12m long. This course will teach students how to operate and maintain auxiliary marine engine systems, how to plan and navigate a passage and how to operate inboard and outboard motors.

Job prospects: Deck hand/master (vessels up to 12m), linesperson, coxswain grade 1

Certificate III in Maritime Operations (Marine Engine Driver Grade 2 Near Coastal) MAR30824

Learn to operate and maintain equipment in larger vessels. This qualification will enable you to obtain a licence to allow you to act as a chief engineer on a vessel with propulsion power up to 750kW or as a second engineer with propulsion power up to 1500kW in Australian waters.

Job prospects: Second engineer (vessels up to 1500kW), chief engineer (vessels up to 750kW), chief engineer, marine engine driver grade 2

Certificate IV in Maritime Operations (Marine Engine Driver Grade 1 Near Coastal) MAR40224

Enhance your knowledge and practical skills when working on large vessels. Not only will you hone your skills in the engine room, you'll also learn to manage a vessel's stability, manage refuelling and how to maintain machinery and structural components. This qualification will enable you to obtain a licence to allow you to act as a chief engineer on a vessel with propulsion power up to 1500kW or as a second engineer on a vessel with propulsion power up to 3000kW in the Australian waters.

Job prospects: Second engineer (vessels up to 3000kW), marine engine driver grade 1, chief engineer (vessels up to 1500kW)

Certificate III in Maritime Operations (Master up to 24 metres Near Coastal) MAR30924

This qualification is open to seafarers with experience working onboard commercial vessels at sea and want to apply for a Certificate of Competency as a Master <24m Near Coastal with AMSA. This course will teach you how to operate propulsion systems, steering and navigation systems, radar and other electronic navigation equipment, radio systems and safety management equipment as well as maintenance on most aspects of a vessel.

Job prospects: Master on commercial vessels up to 24 meters in the Exclusive Economic Zone, Master (inland waters), Chief mate or deck watchkeeper on vessels up to 45 meters within Exclusive Economic Zone or up to 100 meters in inshore waters

Certificate IV in Maritime Operations (Master up to 45 Metres Near Coastal) MAR40324

This qualification is open to highly experienced seafarers who have acquired a significant amount of sea time and want to apply for a Certificate of Competency as a Master <45m Near Coastal with AMSA. During this course, you will learn how to forecast the weather and predict ocean conditions, manage cargo and stability, manage a small crew and act as a chief mate on a vessel up to 100 meters long within the exclusive economic zone.

Job prospects: Master on commercial vessels up to 45 metres long within the exclusive economic zone or up to 100 metres long in inshore waters, chief mate or deck watchkeeper on vessels up to 100 metres long within the exclusive economic zone.

Certificate III in Maritime Operations (Integrated Rating) MAR30220

This is an entry-level qualification for students who are seeking to commence a career as an Integrated Rating onboard ocean going vessels. You will build practical skills and knowledge in a variety of areas including watchkeeping duties, routine ship maintenance, cargo operations and deck machinery.

Job prospects: Integrated rating, able seafarer deck, able seafarer engine

Certificate III in Maritime Operations (Marine Cookery) MAR30324

Get specialised skills that will help you become a professional cook or chef in the maritime industry. This course will teach you how to organise and prepare food, understand the basic methods of cookery and hygiene, and how to safely work on board a vessel. This course complies with Australian Maritime Safety Authority, Marine Order 70 (Seafarer certification) 2014 and Maritime Labour Convention (MLC), Standard A3.2 (Food and catering)

Job prospects: Ship's cook, marine cook

**Great Barrier Reef
International
Marine College**

AMSA approved short courses

Great Barrier Reef International Marine College (GBRIMC), a campus of TAFE Queensland, holds an Australian Maritime Safety Authority (AMSA) Certificate of Approval to conduct final assessments. Visit amsa.gov.au for more information.

Electronic Chart Display and Information System

Use of Electronic Chart Display and Information System (ECDIS) skill set SSMAR0013

ECDIS | STCW Reg II/1 & II/2

The Electronic Chart Display Information System (ECDIS) course provides the knowledge, skills and understanding of ECDIS and electronic charts to the thorough extent needed to safely navigate vessels whose primary means of navigation is ECDIS.

Fire

Contribute to Fire Prevention and Basic Firefighting skill set SSMAR0010

Basic Fire Prevention and Firefighting | STCW Reg VI/1 Code A-VI/1 Table A-VI/1-2

Develop skills in the operation of firefighting equipment and actions to be taken in the event of a fire on board a ship. This course is one of the components required to obtain an AMSA issued Certificate of Safety Training (CoST), which is the minimum mandatory qualification required to serve on board vessels in international waters

Prevent, Control and Fight Fires on Board a Vessel (Advanced Firefighting) skill set SSMAR0017

Advanced Firefighting | STCW Reg VI/3 and Code Section A-VI/3, Table A-VI/3

This course provides participants with the skills and knowledge required to respond effectively as a key member of the on board command firefighting team. You will learn to manage shipboard fire prevention, coordinate tactical firefighting, and use and maintain firefighting and fire detection equipment carried on merchant vessels.

AMSA approved short courses

Security

Follow Vessel Security Procedures (Security Awareness Training) skill set SSMAR0015

Security Awareness Training (SAT) | STCW Code Section A-VI/6 para 4

The SAT course is one of the components required to obtain an AMSA issued Certificate of Safety Training, and covers maritime security policy and responsibilities, threat identification, recognition and response, ship security actions and emergency preparedness. It is mandatory for all seafarers with AMSA certificates to hold Security Awareness endorsement.

Safety and Survival

Safety Training Certification skill set MARSS00033

(CoST) | STCW Reg VI/1

The AMSA issued Certificate of Safety Training (CoST) is the minimum mandatory requirement in order to serve on board vessels in international waters. CoST incorporates the following training courses:

- Basic Fire Prevention and Fire Fighting*
- Personal Survival Techniques*
- Personal Safety and Social Responsibilities*
- Security Awareness Training*

*Complete this training as an individual course or through the full CoST.

Successful achievement of this skill set requires students to undertake or provide evidence of completion of Provide First Aid HLTAID011.

Certificate of Competency (CoC) Continued Competence Refresher Training**

Relevant competencies from STCW Tables A-VI/1-1, A-VI/1-2, A-VI/2-1 and VI/3

The Certificate of Competency (CoC) Continued Competence Refresher Training is designed for holders of an AMSA issued Certificate of Competency (Master, Deck and Engineer Officers). The course meets the mandatory Sea Survival, Basic and Advanced Fire Fighting, and Certificate of Proficiency in Survival Craft and Rescue Boats other than Fast Rescue Boats (CPSC) continued competency requirements for current seafarers with qualifying sea service¹.

Certificate of Proficiency (CoP) Rating Continued Competence Refresher Training**

Relevant competencies from STCW Tables A-VI/1-1, A-VI/1-2 and A-VI/2-1

The Certificate of Proficiency (CoP) Rating Continued Competence Refresher Training is designed for holders of an AMSA issued Certificate of Proficiency as Rating (Integrated Rating, Able Seaman, Deck Rating or Engine Room Rating). The course meets the mandatory Sea Survival, Basic Fire Prevention and Fire Fighting, and Certificate of Proficiency in Survival Craft and Rescue Boats other than Fast Rescue Boats (CPSC) continued competency requirements for current seafarers with qualifying sea service¹.

Certificate of Safety Training (CoST) Continued Competence Refresher Training**

Relevant competencies from STCW Tables A-VI/1-1 and A-VI/1-2

The CoST refresher training course is designed to meet the mandatory Sea Survival, Basic Fire Prevention and Fire Fighting continued competency requirements for current seafarers with qualifying sea service¹.

Observe Personal Safety and Social Responsibility (PSSR) skill set SSMAR0014

Observe Personal Safety and Social Responsibilities (PSSR) | STCW Reg VI/1 Code A-VI/1 Table A-VI/1-4 The PSSR course provides mandatory minimum training in personal safety and social responsibility on board a vessel and is one of the components required to obtain an AMSA issued Certificate of Safety Training.

Survive at Sea in the Event of Vessel Abandonment and Personal Survival Techniques (PST) skill set SSMAR0012

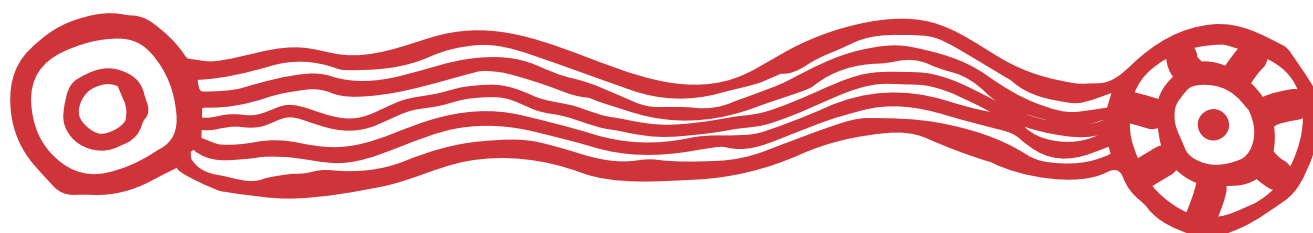

Personal Survival Techniques (PST) | STCW Reg VI/1 Code A-VI/1 Table A-VI/1-1 Learn the skills and techniques required for personal survival at sea. The PST course is one of the components required to obtain an AMSA issued Certificate of Safety Training.

Shipboard Safety Skill Set MARSS00008

The skill set will teach you survival techniques, safe working procedures for emergency situations on board a vessel, survival techniques on a vessel in an emergency situation, and how to abide safe working procedures.

Certificate of Safety Training Revalidation Skill Set SSMAR00168

This skill set is designed for seafarers who do not hold the qualifying sea service and need to undertake the full short courses in personal survival techniques and fire prevention and fire fighting in order to demonstrate continued competence.

¹To determine the correct course and associated qualifying sea time, please visit amsa.gov.au

**AMSA approved training

Communications

Transmit and Receive Information by the Global Maritime Distress and Safety System SSMAR0011

Marine Emergency Care, Craft and Communication (GMDSS) | STCW Reg IV/2

Gain the skills and knowledge to operate GMDSS equipment including digital selective calling techniques for communication using MF, HF and VHF radiotelephone, HF radio telex and satellite communication using INMARSAT-C ship earth stations. This course complies with Australian Maritime Safety Authority, Marine Order 70 (Seafarer Certification) 2014, Section 21A.

Global Maritime Distress and Safety System (GMDSS) Revalidation**

Relevant competencies from STCW Table A-IV/2

This course complies with Australian Maritime Safety Authority, Marine Order 70 (Seafarer Certification) 2014, Section 25A, where requirements for revalidation of a GMDSS Radio Operators Certificate (ROC) specify completion of an approved revalidation course.

Marine Radio Operator's VHF and HF Skill Set MARSS00010

Long Range Operator's Certificate of Proficiency (LROCP)

This course is for operating both Very High Frequency (VHF) short range radios and Medium Frequency/High Frequency (MF/HF) radios (which are designed for long range transmission).

Marine Radio Operator's VHF Skill Set MARSS00011

Short Range Operator's Certificate of Proficiency (SROCP)

Designed for those who are only carrying and/or operating a Very High Frequency (VHF) short range radio.

Facilities at Great Barrier Reef International Marine College (GBRIMC)

GBRIMC has state-of-the-art facilities that support immersive and practical maritime education:

Full mission bridge simulator: A high-fidelity simulator for navigation and vessel control training.

Tug-optimised bridge and desktop simulators: For specialised vessel handling and operational training.

Sea survival immersion pool: Used for drills in vessel abandonment and survival techniques.

Engineering workshops: Equipped for mechanical and electrical training, including propulsion systems and maintenance.

Multi-purpose Emergency Response Training Simulator (MERTS): A multi-purpose simulator for emergency scenarios including fire, damage control, and distress communications.

Commercially registered vessel: A 19-metre vessel 'Diversity' is used for hands-on training in navigation, safety, and seamanship.

** AMSA approved training

Aquaculture

Certificate II in Aquaculture SFI20119

Kick start your career in aquaculture, work as an aquaculture attendant or care of aquatic stock in the seafood industry. Individuals undertake a range of tasks such as handling, feeding and monitoring stock, and monitoring environmental conditions. Only available as traineeship.

Job prospects: Aquaculture farm hand, aquaculture attendant, hatchery assistant, aquarium assistant, aquaculture technician trainee, aquaculture attendant, hatchery assistant, aquarium assistant, aquaculture technician trainee

Conservation

Certificate III in Conservation and Ecosystem Management AHC31424

Take the next step in your career in the great outdoors with this entry-level course that will qualify you to work as a park ranger or on land conservation projects.

Job prospects: Park ranger, Conservation officer, bush regeneration

Agriculture

Certificate III in Agriculture AHC30122

Get a head start on your farming career with this entry-level qualification. This course will give you the skills you need to take on high-level responsibilities in livestock, cropping or mixed-enterprise.

Job prospects: Senior farm or station hand

Horticulture

Certificate III in Horticulture AHC30722

Develop practical skills and knowledge in improving soil conditions, implementing plant nutrition programs, operating machinery and equipment, and maintaining nursery plants.

Job prospects: Nursery worker, parks and gardens worker, horticulturalist

Certificate III in Landscape Construction AHC30921

Get a head start on your landscaping career with this entry-level course. This course will give you the skills to construct landscaping projects and renew and maintain existing gardens.

Job prospects: Landscape construction tradesperson or supervisor, QBCC licenced contractor (structural landscaper)

Certificate III in Parks and Gardens AHC31024

This qualification is designed for apprentices already employed in the industry. Gain the core skills required to work in a diverse range of settings in gardens or public parks.

Job prospects: Parks and gardens tradesperson, landscape gardener, greenkeeper

Certificate III in Sports Turf Management AHC31324

This qualification is for people looking to enter into the sports turf industry, are employed as an apprentice, or need to have their skills recognised. Gain the fundamental skills required to manage turf grass surfaces in a wide range of sports facilities.

Job prospects: Greenkeeper

Short courses

Agricultural Chemical skill set AHCSS00074

- Transport and store chemicals AHCCHM304
- Prepare and apply chemicals to control pest, weeds and diseases AHCCHM307

Operate Side-by-Side Utility Vehicles Skill Set SSAHC0004

Aviation

Diploma of Aviation (Commercial Pilot Licence – Aeroplane) AVI50222

Let your ambition take flight. Gain the knowledge and practical skills to embark upon a career in the aviation industry, specialising in aeroplanes.

Job prospects: Commercial aeroplane pilot, aviation manager

National Aviation Academy (Koolardie Aviation Pty Ltd) provide training and assessment of these qualifications on behalf of TAFE Queensland who will award the qualification upon successful completion.

Diploma of Aviation (Instrument Rating) AVI50519

This course is designed for experienced commercial aeroplane pilots looking to enhance their skills and knowledge and earn their instrumentation and multi-engine class ratings.

Job prospects: Commercial pilot flight instructor, commercial pilot – aeroplane, aviation manager

National Aviation Academy (Koolardie Aviation Pty Ltd) provide training and assessment of these qualifications on behalf of TAFE Queensland who will award the qualification upon successful completion.

Diploma of Aviation (Commercial Pilot Licence – Helicopter) AVI50322

Take your career to new heights. Gain the skills and knowledge to embark upon a career in the aviation industry specialising in helicopters.

Job prospects: Commercial helicopter pilot

Townsville Helicopters (Koolardie Aviation Pty Ltd) provide training and assessment of this qualification on behalf of TAFE Queensland who will award the qualification upon successful completion.

Automotive

Certificate II in Automotive Air Conditioning Technology AUR20220

Further your automotive career by gaining your automotive refrigerant handling licence.

Job prospects: Automotive air conditioning serviceperson

Certificate II in Automotive Vocational Preparation AUR20720

Prepare for your career in the light and heavy automotive and marine industries with this entry-level course.

Job prospects: Vehicle service assistant, automotive apprentice, marine service assistant, marine mechanical apprentice

● **Certificate III in Automotive Electrical Technology** AUR30320

Learn the skills to service, diagnose and repair automotive electrical systems and components as a qualified automotive electrician.

Job prospects: Automotive electrician, automotive electrical technician

● **Certificate III in Automotive Electric Vehicle Technology** AUR32721

Enhance your automotive career with this apprenticeship course.

Complete this qualification to become a qualified electric vehicle mechanic.

Job prospects: Automotive electric vehicle technician, Automotive electric heavy vehicle technician

● **Certificate III in Marine Mechanical Technology** AUR30520

Become a marine mechanic and perform a range of mechanical service and repair tasks within the marine industry.

Job prospects: Marine serviceperson, marine technician, marine mechanic

● **Certificate III in Light Vehicle Mechanical Technology** AUR30620

Gain the underpinning skills and knowledge to service and repair the mechanical parts of a motor vehicle such as the engine, transmission and suspension systems.

Job prospects: Light vehicle mechanic

● **Certificate III in Outdoor Power Equipment Technology** AUR30720

Progress your career in the outdoor power equipment industry with the skills to work as a small engine mechanic.

Job prospects: Outdoor power equipment repair technician, repair technician

Automotive

- **Certificate III in Motorcycle Mechanical Technology** AUR30820
Boost your career in the motorcycle service and repair industry with this entry-level course that will set you up with the mechanical skills you need to succeed.
Job prospects: Motorcycle repair technician, motorcycle mechanic
- **Certificate III in Automotive Sales** AUR31020[^]
Kick start your automotive career as a parts interpreter or vehicle salesperson with this practical qualification.
Job prospects: Parts interpreter
- **Certificate III in Heavy Commercial Vehicle Mechanical Technology** AUR31120
Learn the skills to become a qualified tradesperson servicing and repairing trucks, buses, earth-moving equipment, or tractors and other farming machinery.
Job prospects: Heavy commercial vehicle technician, heavy vehicle mechanic, diesel motor mechanic
- **Certificate III in Mobile Plant Technology** AUR31220
Learn the skills to become a qualified tradesperson servicing and repairing mobile plant and earthmoving equipment.
Job prospects: Mobile plant technician, mobile plant mechanic, diesel fitter
- **Certificate III in Engineering – Fixed and Mobile Plant Mechanic** MEM31419
Learn the skills required to become an engineering tradesperson, with specialist skills in the assembly and commissioning of mobile and stationary plant.
Job prospects: Fixed and/or mobile plant mechanic, diesel fitter

- Depower and reinitialise hybrid electric vehicles AURETH011

Building and Construction

● Certificate I in Construction CPC10120^

Get started in your construction career with this entry-level course. Gain the foundation skills and knowledge to seek an apprenticeship in any construction trade.

Job prospects: Construction trades worker, construction and mining labourer

Certificate II in Construction Pathways CPC20220

Kick-start your career in the construction industry with this entry-level course. You will develop the foundation skills you need to gain employment, secure an apprenticeship, or undertake further trade training.

Job prospects: Trade assistant, Apprenticeship pathway

Certificate II in Furniture Making Pathways MSF20522

Kick-start your career in the furnishing industry with this entry-level course. Gain foundation skills and build the confidence you need to find a cabinet making apprenticeship.

Job prospects: Product assembler, trade assistant, cabinet making apprentice

● Certificate III in Bricklaying and Blocklaying CPC33020

Progress your career in the construction industry and work towards recognition as a qualified bricklayer or blocklayer.

Job prospects: Bricklayer and blocklayer

● Certificate III in Carpentry CPC30220

Gain the practical skills and knowledge required to work as a carpenter in the building and construction industry.

Job prospects: Carpenter and joiner

● Certificate III in Painting and Decorating CPC30620

Become a painter and decorator with this apprenticeship qualification. Continue to progress your career in a residential or commercial setting.

Job prospects: Painter and decorator

● Certificate III in Cabinet Making and Timber Technology MSF30322

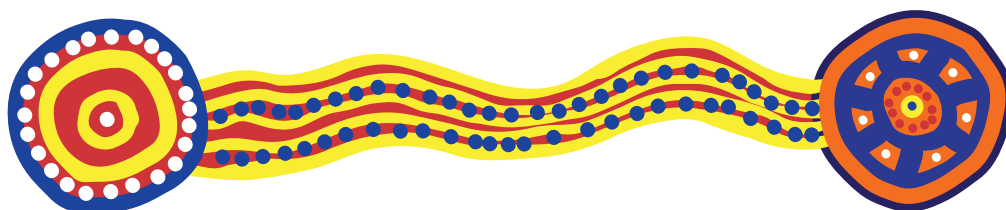

Progress your career with this apprenticeship course that specialises in the installation of kitchen and bathroom cabinets.

Job prospects: Cabinet maker

Short courses

Engineering

- **Certificate II in Engineering – Production Technology** MEM20219
Launch your engineering career with this specialised trade qualification and get the skills you need to do production work as an engineering or manufacturing employee.
Job Prospects: Metal engineering process worker, engineering production process worker
- Certificate II in Engineering Pathways** MEM20422
Explore your options and gain practical skills and knowledge with this entry-level engineering course. Increase your prospects of gaining an engineering apprenticeship.
Job Prospects: Engineering apprentice
- **Certificate III in Engineering – Mechanical Trade (Machining)** MEM30219
Become a trade qualified machinist by completing this qualification as part of your apprenticeship.
Job Prospects: Mechanical engineering technician, machinist
- **Certificate III in Engineering – Mechanical Trade (Fitting/Machining)** MEM30219
Get started in your engineering career with this practical qualification that could see you work across a range of industries.
Job Prospects: Fitter and turner, fluid power mechanic, maintenance mechanic, mechanical fitter
- **Certificate III in Engineering – Fabrication Trade (Boilermaking/Welding)** MEM31925
Kick start your career with this hands-on course which will qualify you to become a trade qualified boilermaker or welder.
Job Prospects: Steel fabricator, welder, boilermaker
- **Certificate III in Engineering – Fabrication Trade (Sheetmetal)** MEM31925
Take the next step in your engineering career with this technical qualification to become a trade qualified sheetmetal worker.
Job Prospects: Sheetmetal trades worker, sheetmetal worker (First Class)
- **Certificate IV in Engineering** MEM40119
Take your career in engineering to the next level with this advanced, post-trade qualification. You can choose to specialise your engineering skills in metal, engineering, manufacturing and associated industries.
Job Prospects: Higher engineering tradesperson
