# A smart way to a degree

TAFE Queensland has a number of degree pathways available to international students, so you can get working in your dream career sooner.

You can choose to complete your diploma-to-degree pathway entirely through TAFE Queensland, or combine your TAFE Queensland diploma with a degree from one of our partner universities or institute of higher education, giving you extra flexibility in your study journey.

You can see the full pathway options to higher education below.

## Your pathway to higher education begins here!

# University and institutes of higher education

TAFE Queensland has partnered with some of Australia's top universities and institutes of higher education to provide you with up-to-date skills for a changing workforce, along with the adaptable thinking required to work in the industry. Through these agreed articulation pathways, you will get two qualifications in the same time it usually takes to complete just one and gain the practical training of a diploma with the theoretical knowledge of a degree.

Studying this way may save you time and money and will give you a head start in the job market, allowing you to put your newly acquired skills into practice in the industry while you complete your second qualification.

**Develop hands-on skills** and theoretical knowledge

Obtain multiple **qualifications**

Graduate and **start work sooner**

**Guaranteed entry and credit** into university or an institute of higher education

Improve your **English language skills**

**Save** time and money

**Prepare you** for your degree studies

**Purpose built** facilities

**Test drive** a course

# What is articulation?

Articulation is an agreement between TAFE Queensland and a partner university or institute of higher education. This agreement outlines the total credits that can be transferred towards a degree, after successfully completing a TAFE Queensland course.

Often this credit is as much as one year of the degree. Specific entry requirements may apply in some circumstances, please contact the relevant institution for more information.

## Oscar Arroyave Lopez, Colombia

**TAFE Queensland Alumni - Diploma of Laboratory Technology (MSL50122 | CRICOS 112047J)**

"I was looking for a reliable institution, I know there is many institutions around. I found TAFE Queensland was the biggest one. For me it was the best choice. TAFE Queensland prepared me for university, I learned very technical skills that I had never seen in university.

At TAFE everything you read it has a practical component that you had to follow and learn from that. It has given me a lot of skills and tools to make my life a lot easier at university."

## Evelyn Chiabai, Brazil

**Associate Degree in Civil Engineering (HED001 | 065567A)**

"TAFE was a great opportunity to me because I liked the idea of hands-on learning, working at the same time, and practicing my English. It was a big adventure, but I took it. I really loved the idea, and I don't regret it.

In my previous studies in my bachelor degree back in Brazil, I had a lot of theory studies. At TAFE, I've been enjoying much more of a hands-on learning experience while also understanding the theory.

My studies so far have helped me to improve my resume. I got a job in the industry because they looked at my resume and they saw I'm studying and know I have the skills."

# Higher Education at TAFE Queensland

TAFE Queensland delivers contemporary higher education courses in a practical, job-focused learning environment. Our students get the best of both worlds — the theoretical side of a degree, with the applied learning that makes our graduates so highly sought after.

## Applied learning

Our approach to learning and teaching is about making academic subjects applicable to the real world. Our courses focus on developing practical skills that are underpinned by theory and we make sure that everything you learn is relevant and usable.

## Job focused

We have strong links with industry and offer courses that align with current industry needs. We keep up to date with emerging trends and advances in technology so our courses always remain ahead of the curve.

## Small classes

Small, workshop-style classes give you the opportunity to better know your teachers and classmates. It also means that learning is tailored to your individual needs and goals. At TAFE Queensland, your voice will always be heard, you will never just be a face in the crowd.

## Practical learning spaces

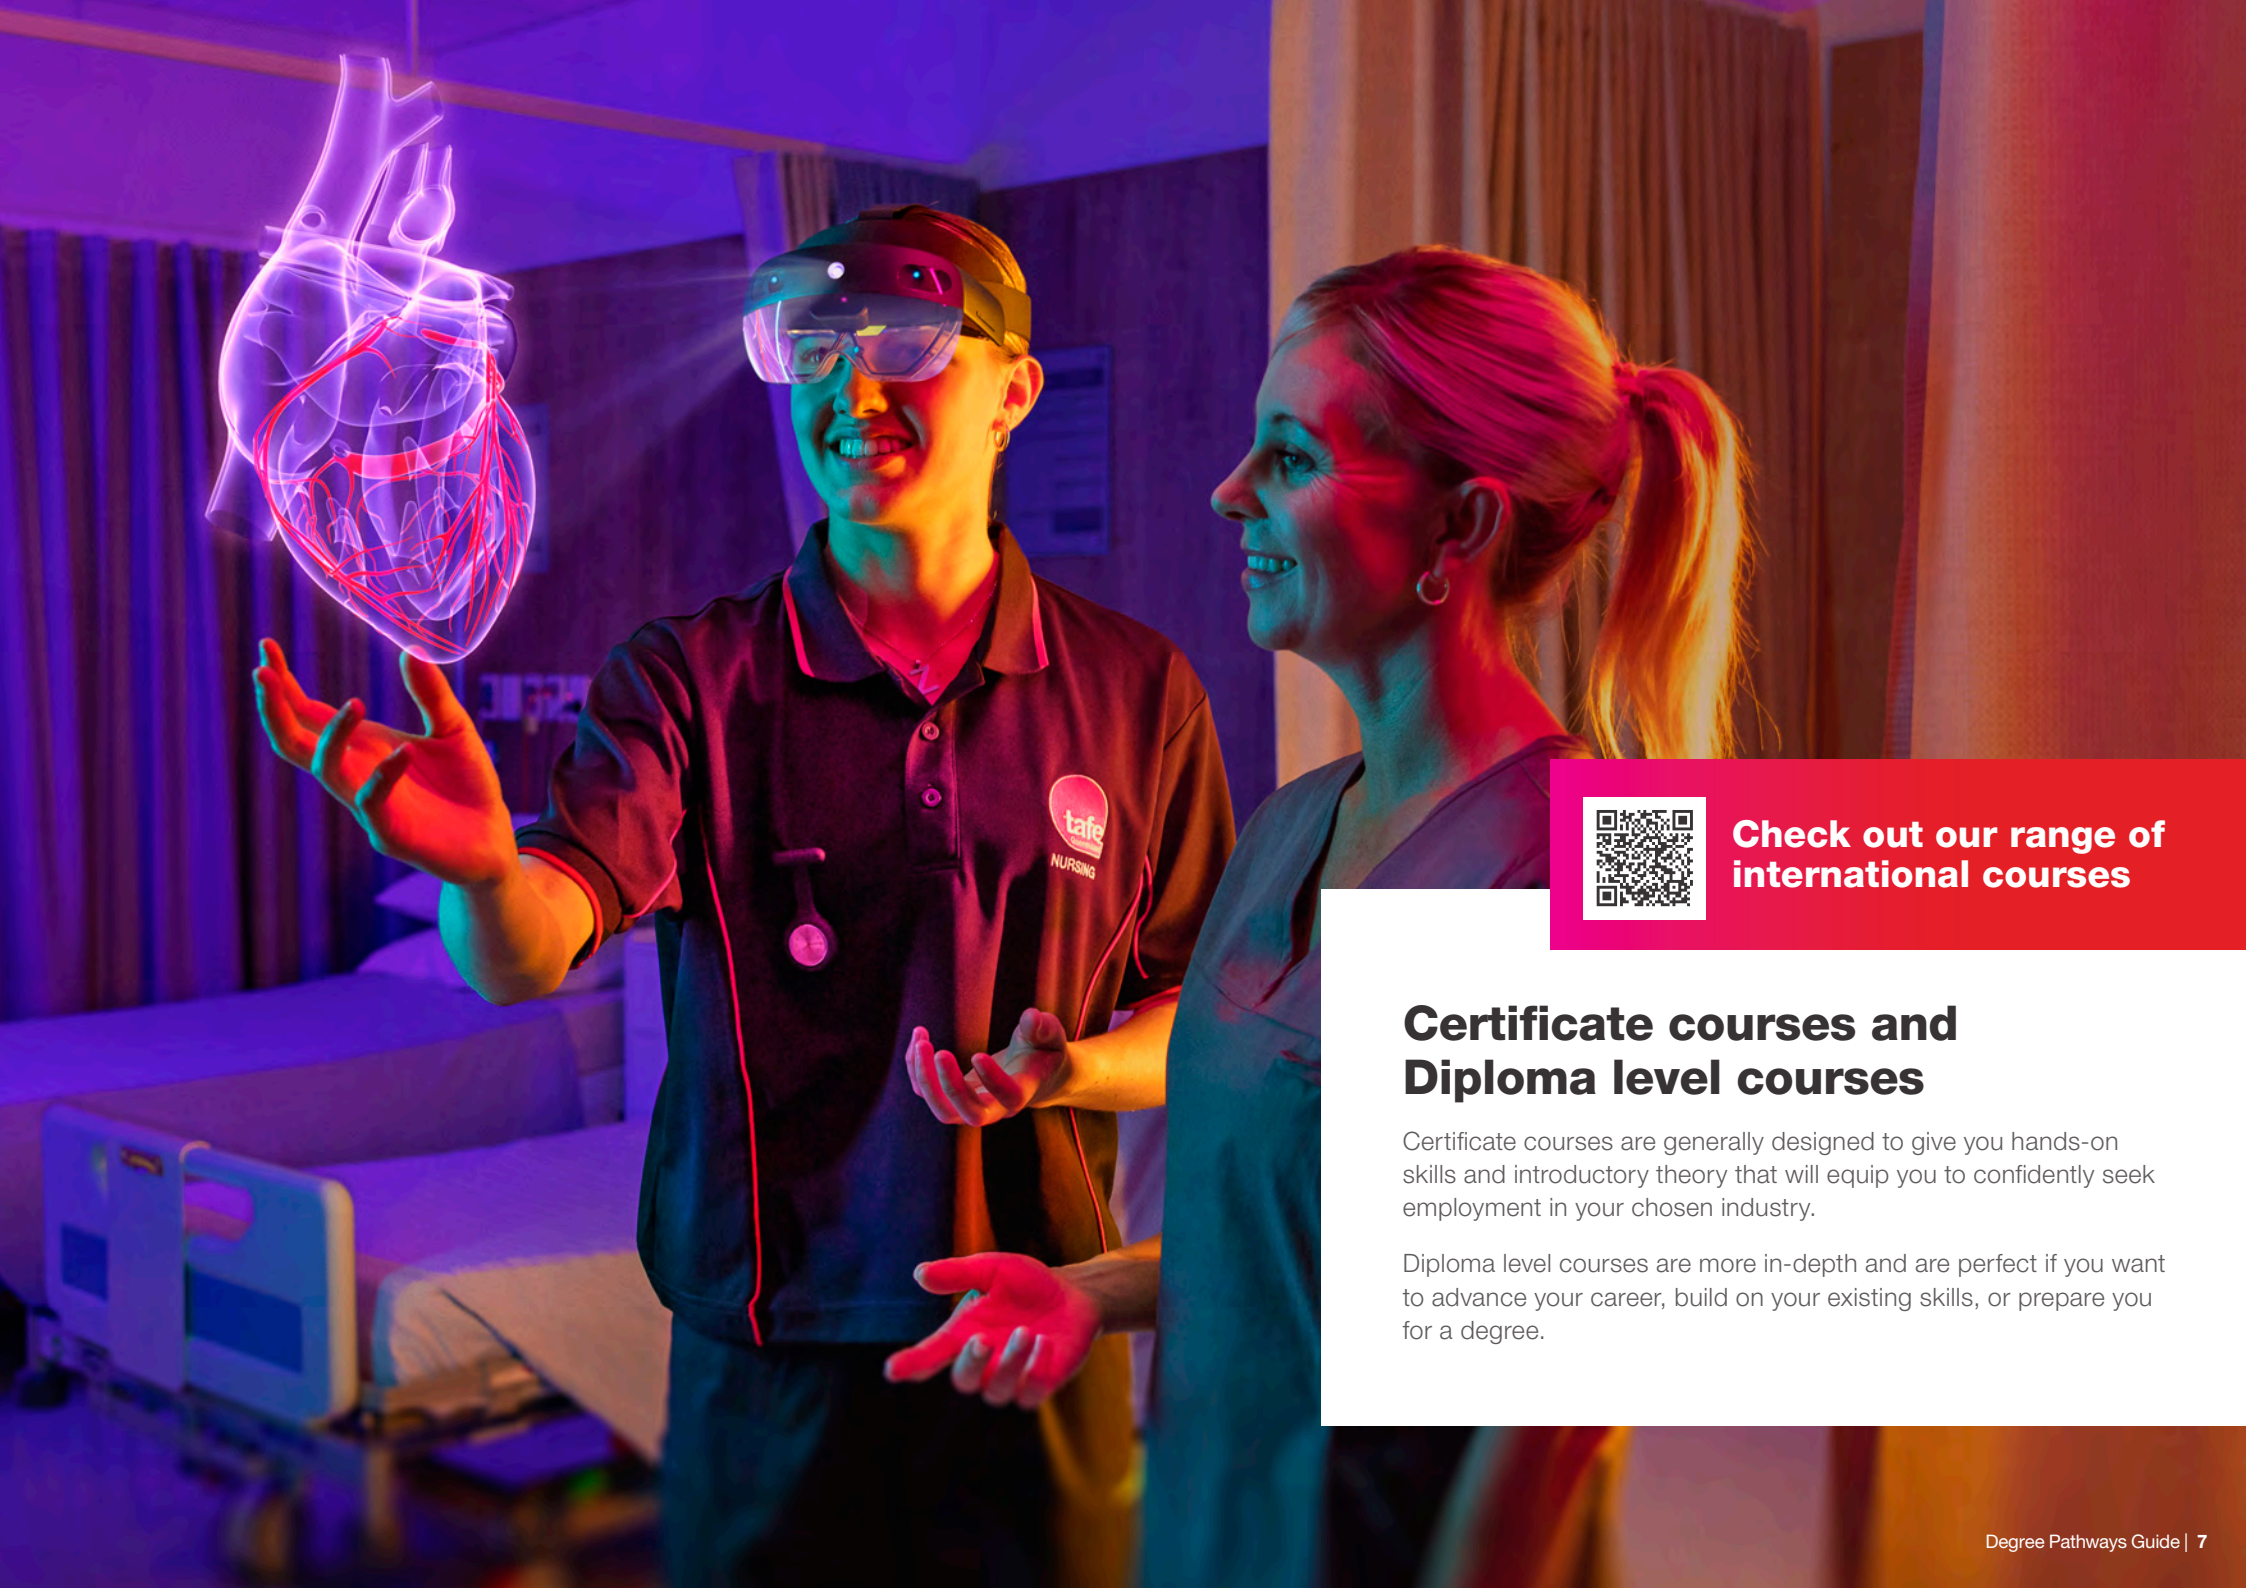

Our facilities are acknowledged by industry as being among the best in Australia.
