

VIRTUAL DELIVERY

Virtual classrooms combine the benefits of online and face-to-face learning to give you the ultimate learning experience. Think of an interactive classroom you can attend from your lounge room – that's the essence of virtual delivery.

ONLINE VIRTUAL CLASSROOMS

TAFE Queensland is always looking for ways to make study more accessible. Our new virtual courses are delivered 100% online through our scheduled virtual classrooms.

Your teacher will guide your learning experience, just like they would in a face-to-face environment. But with a virtual classroom, you have the added flexibility of attending class from home, work, or anywhere with an internet connection. Plus, all sessions are recorded, so if you're unable to attend a class, you can watch the recording and catch up when it suits you. While there is no requirement to come into campus, students will still have full access to our support services, libraries and computers.
