HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Gain trade qualifications in carpentry

To study for this Certificate III you will need to be an existing contracted apprentice in the field of carpentry. Along with general carpentry work on a construction site this course will qualify you to construct wall frames, erect roof trusses and construct external stairs. You will also be schooled in a number of other areas including working safely at heights, installing flooring systems and wet area fixtures. Training is delivered both in the classroom and at your place of work.
