HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Learn all about ArchiCAD!

This is a course in learning the use of the Architectural Design program 'ArchiCAD'. ArchiCAD uses 3D and 2D design tools to develop a set of basic plans and 3D views. This will allow you an insight into being a Draftsperson / Building Designer or even further on to architecture. You will use the latest versions of the program. While gaining knowledge in the versatility of the program you will also be doing a short course in building design and construction theory.

This short course is non-accredited therefore is not registered.
